### Allah Is A Deceiver A True Story Volume 3:

**Snakes, People, and Spirits, Volume One** Robert Hazel, 2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally

**Islam** Uche Ephraim Chuku, 2007-05 As the third of Yahweh Allah s personal religious regiments Islam inherited a lack of knowledge of falsehood and all the phony legacies of Judaism and Christianity This has led to the spiritual enslavement of Muslims In this controversial religious treatise author Uche E Chuku argues that Muslims have not only voluntarily surrendered to the enslaving will of Yahweh Allah but also find special pride in eternal spiritual enslavement They believe that being a slave of Allah is the proudest rank the Muslim can claim Islam Total Blind Surrender to the Will of the Antichrist Religion without Reason Book 4 informs and calls Muslims attention to the gospel truth Muhammad was a captive not a voluntary slave of Allah Chuku also contends that since Yahweh offers nothing but divine enslavement to his Muslim victims his will contradicts humankind s collective quest for total physical and spiritual liberation and directly opposes the will of the true God our heavenly Father Chuku shows how voluntary surrender to divine enslavement is the worst kind of spiritual serfdom unprecedented in the history of human religion and reminds Muslims that they can safely say no to divine enslavement today

**Discerning Our Time** Richard Bettez, 2017-04-18 Discerning Our Time A Layman s Guide to End Time Events in America is a compelling look at historic and political trends that push the

reader to look upon biblical facts as to where America fits in concerning future events This book is an easy read for people of all backgrounds and education levels It is a breakdown of exactly what scripture means from original language to historical settings that all connect to American society as we know it today Though this book gives greater enlightenment to the Christian community and is a solid resource for pastors to draw from it will truly be an eye opening experience for the open minded unbelievers or those who do not consider Christianity of any consequence within their lives The changes within American society and our culture as well as our political choices are highlighted within the word of God In this book they are accurately brought out Church denominations are put to the test as historical truths are revealed and many falsehoods about Christianity are dispelled Truth about American education business and government are documented with the light of scripture shining right next to the facts so the reader can judge for themselves Many teachers pastors and theologians don t believe America plays a significant role in the end times Some teach that it will be wiped off the map No one truly knows exact dates or for that matter what the antichrist will look like but there is a definite template laid out within the Bible America fits comfortably in that template This book is a must read if you are interested in what direction America is heading and who will rise to power in the near future      Royal Canadian Jihad Patrick Grady,2005      JESUS Yusup

Kristiyanto,2021-11-19 Some say Jesus was an ordinary man Some say a prophet from Allah Some say only the Carpenter Some say the just and forthcoming Judge Some say He is just a messenger Some say He is a good person and some say he is a deceiver of the people But some say he is just an imaginary story These are the expressions statements and opinions from various understandings of many people about Jesus Christ But is it true that Jesus Christ is actually what Christians believe in This book is an important answer and understanding presented simply which will enable you to find answers to these statements
