## Allah Jesus And Yahweh The Gods That Failed:

Allah, Jesus, and Yahweh Gordon Harrison, 2013-04 Twenty first century s nightly news can t pass by without running another story on religious conflict or clashes While these modern day battles play out for the world to see the issues that act as a catalyst for them are deeply embedded in ancient texts that claim to contain absolute certainties An eye opening and vitally important new book has burst upon the literary scene called Allah Jesus and Yahweh The Gods That Failed The author Gordon Harrison conducts a definitive exposé of the ravages caused by religion and breaks new ground in the world of investigative literature In this riveting history of three of the world s major religions Islam Christianity and Judaism this book explores the relationship between belief and the suspension of logic with its consequential suffering Beginning with the September 480 BCE Battle of Marathon the author traces the spread of Eastern belief systems and the three major religions in particular from the Middle East into Europe and the rest of the world Citing examples of how fanatic elements of each faith have caused war bloodshed confusion and suffering Harrison makes his case for reason and freethinking As the author notes the parlance in vogue for this present invasion is a clash of civilizations East versus West But this is not entirely the case There is a clash but we have confused the combatants Many in the West do not intend to fight for the preservation of Christianity some in the East feel the same about Islam What we will defend is freedom democracy and the values of the Enlightenment versus submission dictatorship and the buzz of the hive mind A colossal clash of ideals is underway between the Enlightenment and the Army of the Night those who know they have absolute certainty without evidence Religion is certainty without proof science is proof without certainty From religion to science it has been a long night s journey into light Harrison asks the reader to hold his hand walk with him through these pages and see the glory and the horror we have created Since its release the book has garnered a consistent string of rave reviews here are three This is an extremely impressive book one that should enlighten any open minded reader theist and non theist alike Harrison transports the reader from the ancient battle at Marathon across two millennia following the march of civilization to the present day He shows in a clear and engaging manner the moral corruption that is inherent in the ancient texts that continue to serve as the scriptural foundations of modern religions His compelling mixture of philosophy theology astronomy psychology and physics presented always in a very accessible and entertaining style persuasively demonstrates how science illuminates and promotes understanding while religion ossifies thinking patterns and all too often produces intergroup conflict I highly recommend this book to all By James Alcock Professor of Psychology at York University Toronto Something that worked really well for me was the author s use of personal anecdotes to illustrate some of his arguments The one that really stood out was the story about Mother Courage The author re creates his experience with the bear and her cubs very vividly for the reader I found it not only very germane to his point about the presence of morality in nature but also very moving This book deserves a wide readership By Dirk Verhulst English Teacher Hilarious and powerful Equal to anything written by Hitchens Harris Dawkins

and Dennett the Four Horsemen of the Anti Apocalypse Allah Jesus and Yahweh takes a deeper view of time and a more humorous Mark Twain narrative approach than those authors do By Bill Walker Freethinker *Allah, Jesus, and Yahweh* Gordon J Harrison,2024-01-28 This book presents an expos of religion its suspension of logic and the consequent suffering

**Religion of the Rustic Gods Vs. the Gospel Truth** Uche Ephraim Chuku,2007-05 The motive of all customary religions is the same to jointly serve the will of the wicked gods of the world They also have one clear and simple message for enlightened humankind to return to the Eden like life of total spiritual blindness and shamelessness presented in various ways by the various religious sects The brave achievements of Adam and Eve in Eden receiving the divine fruit of the knowledge of good and evil for humankind still pose great worries for Yahweh Allah and the other sneaky gods of the world In retaliation the gods try to reverse humankind s spiritual gains through the devious activities of human religion Religion of the Rustic Gods Vs the Gospel Truth Religion without Reason Book 5 examines the teachings of the various major religions of the world Uche E Chuku asserts that in respect to humankind s quest for true spiritual salvation Hinduism Jainism Sikhism Buddhism Confucianism Taoism Shinto and all other religions are simply religions for nothing What they espouse as mystical awakening is blindness to the basic facts of this life Chuku discusses how the founders of all the customary religions of the world have become the thieves and robbers of human souls and why seeking to unite with the gods of the world is seeking to share in their eternal spiritual damnation *Saving God* Mark Johnston,2011-07-11 A bold and persuasive case for abandoning old religions and still believing in God In this book Mark Johnston argues that God needs to be saved not only from the distortions of the undergraduate atheists Richard Dawkins Christopher Hitchens and Sam Harris but more importantly from the idolatrous tendencies of religion itself Each monotheistic religion has its characteristic ways of domesticating True Divinity of taming God s demands so that they do not radically threaten our self love and false righteousness Turning the monotheistic critique of idolatry on the monotheisms themselves Johnston shows that much in these traditions must be condemned as false and spiritually debilitating A central claim of the book is that supernaturalism is idolatry If this is right everything changes we cannot place our salvation in jeopardy by tying it essentially to the supernatural cosmologies of the ancient Near East Remarkably Johnston rehabilitates the ideas of the Fall and of salvation within a naturalistic framework he then presents a conception of God that both resists idolatry and is wholly consistent with the deliverances of the natural sciences Princeton University Press is publishing Saving God in conjunction with Johnston s forthcoming book Surviving Death which takes up the crux of supernaturalist belief namely the belief in life after death Some images inside the book are unavailable due to digital copyright restrictions **Ghost Empire** Richard Fidler,2017-09-05 A brilliant reconstruction of the saga of power glory and invasion that is the one thousand year story of Constantinople A truly marvelous book Simon Winchester Ghost Empire is a rare treasure an utterly captivating blend of the historical and the contemporary narrated by a master storyteller The story is a revelation a beautifully written ode to a lost civilization

combined with a warmly observed father son adventure far from home In 2014 Richard Fidler and his son Joe made a journey to Istanbul Fired by Richard s passion for the rich history of the dazzling Byzantine Empire centered around the legendary Constantinople we are swept into some of the most extraordinary tales in history The clash of civilizations the fall of empires the rise of Christianity revenge lust murder Turbulent stories from the past are brought vividly to life at the same time as a father navigates the unfolding changes in his relationship with his son
