Awakening Kundalini The Path To Radical Freedom:

Awakening Kundalini Lawrence Edwards, PhD, 2013-10-01 The universal force known as Kundalini has been shrouded in mystery for centuries yet it influences our every breath thought and emotion. With Awakening Kundalini one of the West's most respected teachers and researchers in the field explores this spiritual principle in unprecedented depth with detailed guidance for discovering and working with it directly. In India's spiritual teachings Kundalini is known as the principle within that compels us to evolve and grow. Traditions across the globe have described it as a force that lies dormant within us and when awakened connects us to the energy of creation and profoundly elevates consciousness. With his unique expertise in modern psychology, neuroscience, meditation training and spiritual traditions Lawrence Edwards clarifies the many dimensions of Kundalini awakening including practices and meditations for recognizing its manifestations and preparing your body and mind to enter its expansive empowering flow. When worked with skillfully Kundalini is the most profoundly transformative power in our lives. Awakening Kundalini makes available a complete and practical resource for tapping into this force and realizing your ability to live radically free. **Awakening Kundalini Endorsements** This book is a revelation, a grace filled opening, a loving message for the heart that is a service to all of us beginner, initiate, sage. It is a book about awakening that inspires awakening. It is a book about honoring the feminine that is a true sacred marriage of the masculine and feminine, remarkably clear and beautifully poetic. The book is elegant in the truest scientific consciousness based way, simple and so powerful. Lawrence Edwards supportively guides us on our own heroic journey in a way that demonstrates he is what he writes about: so humble and so wise, a real teacher. Andrew Hahn PsyD licensed clinical psychologist, Founder and Director, The Guided Self Healing Training Institute. Lawrence Edwards has given us an incomparable gift one that I personally will treasure for the rest of my life: a detailed, compassionate and brilliantly clear guide to the greatest mystery and greatest revelation of our existence. It tells the story of his call through his early visionary experiences to the profound process of awakening known in the Yogic tradition as Kundalini, his meeting with his Indian teacher, Swami Muktananda, and how his life unfolded from that fortuitous meeting. Drawing on the rich legacy of numerous traditions including Jungian, Western psychology and scientific research in addition to traditional yogic and mystical ones, his book is an incomparable aid in taking us beyond the confines of the delusionary certainties of our ego mind towards the experience of the deepest ground of our own being. Kundalini, known by other names in other spiritual traditions, is the path of reunion with the Divine Consciousness that lives and breathes in all of us, capable as he says of transforming our mind, our body and every aspect of our lives. This is what might be called the Direct Path to Union and there is no one better qualified to explain and teach it or to accompany us on our own mythic journey of discovery. Anne Baring, senior Jungian analyst in the UK and author of *The Dream of the Cosmos*, *A Quest for the Soul* and *The Myth of the Goddess*. This book is an indispensable guide for anyone on the path of spiritual awakening. Dr Edwards has devoted his life to studying and practicing the unfolding process of kundalini, the subtle spiritual

Kundalini Pandit Gopi Krishna, 2019-03-07 What happened to me that early morning during the Christmas of 1937 changed the course of my life and outlook I sat in a small room in a house on the outskirts of Jammu I was meditating Practice had accustomed me to sit in the same posture for hours without discomfort and as I sat breathing slowly and rhythmically my attention was drawn towards the crown of my head contemplating an imaginary lotus in full bloom radiating light I sat unmoving and erect My whole being was so engrossed in the contemplation of the lotus that for several minutes I lost touch with my body and surroundings The only object of which I was aware was a lotus of brilliant colour emitting rays of light During a spell of intense concentration I suddenly felt a strange sensation below the base of the spine at the place touching the seat while I sat cross legged on a folded blanket spread on the floor The sensation was so extraordinary and pleasing that my attention was forcibly drawn towards it My heart beat wildly and I found it difficult to bring my attention to the required degree of fixity The sensation extended upwards growing in intensity Then suddenly with a roar like that of a waterfall I felt a stream of liquid light entering my brain through the spinal cord What had happened to me Was I hallucinating Or had I by some strange fate succeeded in experiencing the Transcendental I had read glowing accounts written by learned men of great benefits resulting from concentration and of the miraculous powers acquired by yogis through meditation Was there after all really some truth in the repeated claims of the

sages and ascetics of India made for thousands of years that it was possible to apprehend reality in this life if one practised meditation in a certain way Little did I realize that from that day onwards I was never to be my old normal self again I had unwittingly and without adequate knowledge roused to activity the most powerful power in man I had stepped unknowingly upon the key to the most guarded secret of the ancients and thenceforth for a long time I had to live suspended by a thread swinging between life and death between sanity and insanity between lights and darkness between heaven and earth An extraordinary autobiographical account of what happens in the mind and body when Kundalini gets spontaneously aroused one of the clearest journals documenting spiritual transformation and mental evolution onto a higher plane of consciousness
