**Prescription for the People** Fran Quigley,2017-11-15 In *Prescription for the People* Fran Quigley diagnoses our inability to get medicines to the people who need them and then prescribes the cure He delivers a clear and convincing argument for a complete shift in the global and U S approach to developing and providing essential medicines and a primer on how to make that change happen Globally 10 million people die each year because they are unable to pay for medicines that would save them The cost of prescription drugs is bankrupting families and putting a strain on state and federal budgets Patients desperate need for affordable medicines clashes with the core business model of the powerful pharmaceutical industry which maximizes profits whenever possible It doesn t have to be this way Patients and activists are aiming to make all essential medicines affordable by reclaiming medicines as a public good and a human right instead of a profit making commodity In this book Quigley demystifies statistics and terminology offers solutions to the problems that block universal access to medicines and provides a road map for activists wanting to make those solutions a reality *Pharmaceutical Public Policy* Thomas R. Fulda,Alan Lyles,Albert I Wertheimer,2016-04-14 As the most common health care intervention prescription drug use shares the most important characteristics of the health care system in the United States When everything works well it makes possible breathtakingly successful applications of science to the prevention and cure of human suffering But everything doesn t always work well Pharmaceu
