There's a reason the women at her firm have dubbed him The West Coast Hottie. Thankfully he's hundreds of miles away so any ogling of her new boss will be masked by filters and slow internet connections. Ian Cope is thrilled to be working with Cassie. Not only is she talented and smart but there's something about her that he's never been able to ignore. If they worked in the same town there's no doubt he would've asked her out a long time ago so getting put on the same project is a small victory he'll gladly take. Then he learns the truth behind this assignment and all his excitement crashes. Find a way to justify closing Cassie's office while denying his attraction to her. Talk about a dream turning into a nightmare. There's no way this is going to end well especially when he crosses that line from professional to hot and heavy personal. Ian and Cassie embark on a sensual path learning the hard way just how cutthroat business can be especially when it's mixed with forbidden pleasure.
