Religion, Supernaturalism, the Paranormal and Pseudoscience Hodayun Sidky, 2019-11-30 Religion Supernaturalism the Paranormal and Pseudoscience provides a comprehensive rejoinder to the challenges posed to science scientific anthropology evolutionary theory and rationality by the advocates of supernatural paranormal and pseudoscientific perspectives and modes of thought associated with the current rise of irrationalism antiintellectualism and emboldened

religious fundamentalism and violence Drawing upon H Sidky s scientific anthropological background and ethnographic field research of supernatural and paranormal beliefs and practices in several cultures over three decades the book answers several important questions Why do humans have a proclivity for the supernatural and paranormal thinking Why has humanity remained shackled to sets of ideas inherited from a violent past that have no basis in reality and which bestow an illusionary solace promote bloodshed endless cruelties and fervent hatreds and have come at a high cost Why have ancient superstitions been held as sacred inviolate truths while other aspects of the archaic belief systems of which they were a part have long been discarded Why have not humans outgrown religion and paranormal beliefs *Shadows of Science* Kendrick Frazier,2023-11-07 In this enlightening and entertaining book author and Skeptical Inquirer editor Kendrick Frazier takes readers on a journey to the contentious boundary zone between science and its antagonists pseudoscience pretend science and anti science open hostility to science Pseudoscience romps in the shadows of science but takes on the guise of science to excite sell mislead and deceive the public Anti science denigrates even denies findings of science for ideological ends In this dangerous age of misinformation and dis information we need science s remarkable truth seeking tools more than ever to help counter society s crazier impulses in which opinion beliefs and lies trump facts evidence and truth In one sense *Shadows of Science* is Frazier s love letter to science one of humanity s greatest inventions one we should exalt for its unique ability to find provisional truths about nature In congenial prose he reports on recent discoveries and describes how science works and how its error correcting mechanisms lead eventually to new knowledge He tells the stories of some of our champions of science and reason He describes the little appreciated values of science how it embraces uncertainty and humility and its emphasis on fact based observation and experiment Pseudoscience adopts some of science s language and has a beguiling appeal but there the similarities end Frazier has professionally reported on frontier scientific discoveries and observed and exposed the pretensions and dangers of pseudoscience and anti science his entire career Here he shares his experiences his knowledge and insights and his love and passion for our ability to learn what s real about the natural world and to identify and expose fake science pretend science and anti science in all their multifarious forms *Pseudoscience and the Paranormal* Terence Hines,2010-09-30 Television the movies and computer games fill the minds of their viewers with a daily staple of fantasy from tales of UFO landings haunted houses and communication with the dead to claims of miraculous cures by gifted healers or breakthrough treatments by means of fringe medicine The paranormal is so ubiquitous in one form of entertainment or another that many people easily lose sight of the distinction between the real and the imaginary or they never learn to make the distinction in the first place In this thorough review of pseudoscience and the paranormal in contemporary life psychologist Terence Hines teaches readers how to carefully evaluate all such claims in terms of scientific evidence Hines devotes separate chapters to psychics life after death parapsychology astrology UFOs ancient astronauts cosmic collisions and the Bermuda Triangle faith healing and more New to this second edition are extended sections on

psychoanalysis and pseudopsychologies especially recovered memory therapy satanic ritual abuse facilitated communication and other questionable psychotherapies There are also new chapters on alternative medicine which is now marketed in our drug stores and on environmental pseudoscience with special emphasis on the evidence that certain technologies like cell phones or environmental agents like asbestos cause cancer Finally Hines discusses the psychological causes for belief in the paranormal despite overwhelming evidence to the contrary This valuable highly interesting and completely accessible analysis critiques the whole range of current paranormal claims **Roswell Alien Autopsy** Philip Mantle,2019-11-10
 REVISED EDITION Contains over 600 pages of information newspaper cutting original letters and fax plus interview transcripts photographs and much much more Much of this original material has never been published before ROSWELL ALIEN AUTOPSY is the definitive book on the so called alien autopsy film the most controversial piece of film in the entire history of UFO research Released to the public in 1995 on TV video and via newspapers and magazines this film has been debated quite literally around the world ROSWELL ALIEN AUTOPSY is the first and only book to deal with this film in its entirety To begin with it details who has seen what and as is made clear Ray Santilli the owner of the film has not released it all into the public domain Several other researchers from the UK and Europe including author Philip Mantle have seen another autopsy film in the possession of Santilli that as yet has not been released Their opening statements leave the reader in no doubt that there is more film available if only Santilli would release it For the first time the complete story of the film s release is detailed along with selected commentary from the national news media that covered it during its international release in 1995 Interviews with Ray Santilli and other major players are included Details of where it was screened and how it was released provide some idea of the conflict and controversy the film s release caused And last but not least we have all the details from behind the scenes We have commentary from Spyros Melaris Ray Santilli Keith Bateman Reg Presley Colin Andrews Nick Redfern Nick Pope and many more This revised edition also looks into the highly controversial 2019 email release that featured US billionaire Robert Bigelow and Dr Christopher Kit Green If you have any interest in the alien autopsy film then this is the book for you *The Alien Immigrant* Sir William Eden Evans-Gordon,William
 Evans-Gordon,1903 **The Psychology and Science of Pseudoscience** Terence Hines,2025-03-18 This book provides a comprehensive review of numerous areas of pseudoscience and related pathological science It not only describes the factual bases for rejecting pseudoscientific claims but also emphasizes the psychological processes that lead to the acceptance of such claims This book is timely given the increase in misinformation over the past decade Using three principles of cognitive psychology this book helps explain why people are hard wired to accept and continue to believe in pseudoscientific claims It provides up to date discussions of numerous paranormal and pseudoscientific topics including the usual suspects UFOs and alien abductions astrology cryptozoology and more but also belief in conspiracy theories laboratory parapsychology bogus forensic science techniques the pseudopsychologies of Freud medical fraud and the unethical practices of Big Pharma Older
