**The Forgotten Shadows Audiobook** Drew Parrot, The world has become a dangerous place A demon named Droktamion has escaped from the depths of hell and raised an army intending to conquer the Earth As a result of the ensuing bloodshed lives are being lost and people are going missing By a strange twist of fate Shane a young man known for being the original of the Perfect Clone has been caught in the middle of the conflict As the shadows awaken the war against the demons erupts The ADA struggles for control as Droktamion s grip on humanity tightens It s more difficult to fight your demons when they are flesh and blood     **Narrative Podcasting in an Age of Obsession** Neil Verma, 2024-06-03 It has been a decade since Serial brought the narrative podcast to the center of popular culture In that time there has been an enormous boom in the production of podcasts that tell stories particularly in the fields of true crime storytelling history and narrative fiction Now that the initial glow around the medium has begun to fade it is time to reevaluate the medium s technological political economic and cultural rise in particular what types of storytelling accompanied that rise Narrative Podcasting in an Age of Obsession is the first book to look back on this prodigious body of material and attempt to make sense of it from a structural historical and analytic point of view Focusing on more than 350 podcasts and other audio works released between Serial and the COVID pandemic the book explores why so many of these podcasts seem obsessed with obsession why they focus not only on informing listeners but also dramatizing the labor that goes into it and why fiction podcasts work so hard to prove they are a brand new form even as they revive features of radio from decades gone by This work also examines the industry s reckoning with its own implication in systemic racism misogyny and other forms of discrimination Employing innovative new critical techniques for close listening including pitch tracking software and spectrograms Narrative Podcasting in an Age of Obsession makes a major contribution to podcast studies and media studies more broadly     **Perfect Organism** Andy Kelly, 2024-08-29 An unofficial guide to Alien Isolation the greatest scariest horror
