All This Hell U S Nurses Imprisoned By The Japanese:

All This Hell Evelyn Monahan, Rosemary Neidel-Greenlee, 2000-01-01 Even though women were not supposed to be on the front lines on the front lines we were. Women were not supposed to be interned either but it happened to us. People should know what we endured. People should know what we can endure. Lt Col Madeline Ullom More than one hundred U S Army and Navy nurses were stationed in Guam and the Philippines at the beginning of World War II. After the Japanese attack on Pearl Harbor in December 1941 five navy nurses on Guam became the first American military women of World War II to be taken prisoner by the Japanese. More than seventy army nurses survived five months of combat conditions in the jungles of Bataan and Corregidor before being captured only to endure more than three years in prison camps. When freedom came the U S military ordered the nurses to sign agreements with the government not to discuss their horrific experiences. Evelyn Monahan and Rosemary Neidel Greenlee have conducted numerous interviews with survivors and scoured archives for letters diaries and journals to uncover the heroism and sacrifices of these brave women. **A Few Good Women** Evelyn Monahan, Rosemary Neidel-Greenlee, 2011-03-08 In this riveting narrative history women veterans from the world wars Vietnam the Gulf War Afghanistan and Iraq tell their extraordinary stories. Evelyn M Monahan and Rosemary Neidel Greenlee spent fifteen years combing through archives journals histories and news reports and gathering thousands of eyewitness accounts letters and interviews for this unprecedented chronicle of America's few good women. Women today make up more than fifteen percent of the U S armed forces and serve alongside men in almost every capacity. Here are the stories of the battles these women fought to march beside their brothers their tales of courage and fortitude of indignities endured of injustices overcome of the blood they've shed and the comrades they've lost and the challenges they still face in the twenty-first century. **Navy Medicine**, 2004 *Feminist Bookstore News*, 1999 *The Journal of Military History*, 2003

When Our Mothers Went to War Margaret Regis, 2008 This richly illustrated history shows the immense challenges American women faced on the home front and in the battle zone in World War II as pilots shipbuilders victory gardeners war correspondents flight nurses OSS agents and much more. *The United States Army, A Historical Dictionary* Clayton R. 1945 the world witnessed a succession of savage military policies innovations and actions on the field in the water and in the skies that resulted in the butchery of over fifty million people The military history of the Second World War involves heroism and evil effective and hopeless strategies bold and pointless operations calculation and luck politics and diplomacy and production and attrition This study incorporates recent scholarship on the military history of the Second World War to examine both chronologically and in a comprehensive geographic way the most destructive event in recorded human history Annihilation argues that World War II evolved into a war of annihilation a total war that engulfed militaries and civilians alike and spared no country either destruction or blame for the carnage The book questions the adopted intention of the good war thesis by wielding the strategy of annihilation on all sides as an architectural framework Readers will find global coverage linking together all theaters of the conflict in a narrative that advances from the beginning to end of the war This is the first study of the World War II that allows instructors to assign chapters of the book according to time periods or by place
