Although he has painted a wide range of other subjects such as landscapes, marine paintings, portraits, figurative works etc, it was still life painting that allowed him the privacy and unlimited time to develop and fine tune his techniques and color perception. But more to the point of Still Life, Schmid shows us how even the most ordinary things can be transformed into objects of astonishing beauty and sometimes of surprising complexity. He explains that the objects in a Still Life need not be thrilling in and of themselves but rather it is the way they are painted that makes them so compelling. Also the many close up images reveal the different ways he uses his palette knives and brushes. As you turn the pages of this book you will realize how fortunate you are to have a master of painting share his efforts and achievements in capturing not only the world he sees but sometimes the world of his imagination as well. *Cumulated Index to the Books*, 1999 *The LANDSCAPES* Richard Schmid, 2017-10-05 THE LANDSCAPES ENHANCED EDITION by American Artist Richard Schmid This large format book of Richard Schmid's sixty five years as a landscape painter with over 300 color images has been color enhanced using the latest state of the art printing technology and further enriched with added text and many new original drawings in the margins. The reader will discover how landscape painting is unlike any other form of art and that artistic skill is only one of the many abilities demanded. **Alla Prima** Al Gury, 2009-01-06 *Alla Prima* is a comprehensive guide to direct painting characterised by bold expressive brushwork and a painterly atmospheric surface.
