Hagin, *Bible Faith Study Course* Kenneth E. Hagin, 1974 **The New Pentecostal Message?** Lewis Brogdon, 2015-06-22 The prosperity movement has influenced millions of people in North America Asia Europe South America and Africa through Pentecostal Charismatic and nondenominational preachers in some of the largest churches in the world CNN ABC and Time magazine have examined the preachers and churches in this popular and controversial movement Scholars and church leaders have studied it for more than two decades producing dozens of books and articles on it Considering the widespread popularity of the prosperity movement and the attention it is given by its critics Brogdon asks Is prosperity preaching the new Pentecostal message In order to answer this question one has to examine the prosperity movement as a Pentecostal movement instead of a Word of Faith movement that is a revised form of New Thought metaphysics and Science of Mind Brogdon provides an introduction to the prosperity movement as a Pentecostal movement He asks important questions in the study of the prosperity movement such as who popularized prosperity teaching Oral Roberts or Ken Hagin Do all Pentecostals agree with the prosperity doctrine Is prosperity teaching good news to the poor Has prosperity replaced the emphasis on the Holy Spirit The answers may surprise you **Prosperity Gospel?** Christopher Anthony, 2025-08-21 This book offers a fresh and challenging analysis of the prosperity gospel by providing both a historical examination of its six theological features and a theological analysis of their interconnected roles Uncovering new sources the author presents a constructive theology of the Word of Faith movement offering a deeper and more precise understanding of its development and function Combining historical and theological methodologies this work makes a significant contribution to the field shedding light on previously unexplored historical roots of Word of Faith theology and revealing their profound theological implications This title is a valuable resource for scholars and practitioners alike especially those interested in the world of Faith theology and its impact on contemporary religious thought [A Different Gospel](#) Dan R McConnell, 2011-12-22 The name it claim it theology of the Word Faith Movement is presented as biblical but is

it In this compelling book McConnell documents the historical link between faith theology and New Thought metaphysics He then analyzes faith theology s doctrines of healing and prosperity as well as its understanding of the atonement of Christ to show how they deviate from biblical teaching This updated edition features a foreword by Hank Hanegraaff and an afterword by McConnell Softcover from Hendrickson My Imaginary Conversation with Joe Rogan About Christianity, the Supernatural, and Little Green Men Kevin Cortez,2023-04-10 Many sincere Christians are misreading culture and as a result they are having difficulty with their faith So what is going on It is said that comedy reflects the current culture and many people now look to comedians not just to make fun of the world but to make sense of it Joe Rogan the host of the world s 1 podcast is one of the most influential comedians and media personalities With over 11 million listeners per episode Rogan s audience is four times larger than all the top prime time cable TV hosts combined This book was inspired by a podcast episode in which Joe Rogan shared his views on Christianity To date not a single guest on Rogan s show has responded adequately to his misconceptions about the Christian faith Thus the other side of the story has not been presented to his millions of listeners In My Imaginary Conversation with Joe Rogan About Christianity the Supernatural and Little Green Men A Survival Guide for Living in a Post Christian Culture Kevin Cortez gives a compelling response to Rogan s mistaken opinions As you read you will discover how to respond to those who malign your beliefs amicably The author takes complex theological concepts and presents them in a way that is easy to understand and apply to everyday life He draws on a wide range of historical philosophical and scientific sources to build his case and his analysis is rigorous and well supported He addresses many of the common criticisms of Christianity such as its role in unfair atrocities and its perceived irrelevance in the face of modern science He offers insightful responses that challenge readers to rethink their assumptions The book is divided into fourteen chapters and five Survival Guides each addressing a different aspect of Christianity s most commonly misunderstood concepts It navigates a range of topics including morality science philosophy and history to demonstrate Christianity s enduring relevance and importance in our contemporary world Each chapter includes simple questions encouraging readers to reflect on their own beliefs and attitudes toward God In addition to using scripture to support his claims Cortez uses his forty years of personal experiences and encounters within the Christian subculture to illustrate his points Perhaps most notably he is unafraid to tackle controversial issues such as the miraculous New Atheism psychedelics UFOs aliens The Big Bang Theory speaking in tongues the born gay question the prosperity gospel and demonology His thought provoking perspective is refreshingly nuanced and balanced Whether you are a lifelong Christian or just beginning to explore faith this book will deepen your understanding of God and give you a wealth of biblical references and theological concepts to build a God centered life that can withstand the challenges of living in this post Christian culture Overall for anyone interested in exploring the relevance and importance of Christianity in the modern world Cortez s careful analysis engaging writing and personal reflections make this book a must read for believers and skeptics alike **Charisma and**
