smartest online business owners avoid stuffing too many valuable eggs in a single basket. Instead, they seek out and take advantage of multiple income streams. Doing so has two chief advantages. First of course, it can insulate one from disaster. By having many independent means of making money, one can survive a downfall in a single moneymaking area without experiencing an emergency. Those who don't have alternative income streams in place may find themselves upside down very quickly if a major change or problem occurs with their primary earner. In such a case, with a good moneysense, having multiple revenue sources acts as a hedge bet or a form of insurance against change or unforeseen circumstances. Second, those who develop multiple income streams for their online home business are able to earn larger sums and to do so with greater consistency. Those who have several ways to generate revenue can really build an impressive income when everything is going well, while still being protected if a problem should ever arise in one area of their business. That is really learning to appreciate Online Income Generation. Evolution with many ways to earn is so attractive, you make more while risking less. Anyone relying on a single product or idea should instead look to add additional means of generating income to their online business plan. If you are considering starting or growing your online business, take great care to avoid placing too many eggs in any single basket. Instead, find plans that will allow you to benefit from multiple income streams. They are an important key to online home business success.

The Vegan Way Jackie Day, 2016-10-25. Writing in a playful and upbeat fashion, Day guides her readers through a day-by-day approach to living vegan. For those interested in becoming acquainted with the vegan way, this book marvelously succeeds. Publishers Weekly: I only wish I had had this book decades ago. Moby: This goes well beyond diet. Booklist: The Vegan Way is like having a friendly, non-judgmental vegan friend by your side to help you every step of the way as you blossom into a happier, healthier being. So inspiring! Pamela Anderson: The Vegan Way is a book filled with everything Jackie Day has learned as a happy vegan, a health educator, and author of the popular vegan blog My Vegan Journal. A lifestyle guide that's a real game changer. The Vegan Way is for those who are intimidated by going vegan overnight but don't want the transition to stretch out for months or even years. In a 21-day plan that emphasizes three core reasons for going vegan—being as healthy as you can be, being compassionate to animals, and respecting our planet—Jackie provides inspiration along with a specific goal to achieve, with all of the support you need to accomplish it. It might be something as simple as switching out your coffee creamer for vanilla almond milk or kicking the cheese habit. Readers will learn where to dine and what to order when eating out, the most vegan-friendly places to visit, how to avoid clothing made from animals, and how to decipher those pesky ingredients lists. And throughout, Jackie will be providing glimpses into the finer points of vegan living, giving readers something to aspire to as they get past Vegan 101. Readers will also find a handful of easy and delicious recipes sprinkled throughout. The Vegan Way is a road map that puts positive thoughts about health, the environment, and animals into action, transforming your life into a vibrant, healthy, and compassionate one.
