It is written for all those who want to know more about the amazing world of lightning bugs and learn the secrets hidden in the flash patterns of the 75 species found in the eastern and central U.S. and Canada. The War Outside Jackson Moore Foote, 2020-05-15 Book Delisted **The Stars Are Not Yet Bells** Hannah Lillith Assadi, 2023-01-10 NAMED A BEST BOOK OF THE YEAR BY THE NEW YORKER AND NPR Through the scrim of fading memory, an elderly woman confronts a lifetime of secrets and betrayal under the mysterious skies of her island home. Off the coast of Georgia near Savannah, generations have been tempted by strange blue lights in the sky near an island called Lyra. At the height of WWII, impressionable young Elle Ranier leaves New York City to forge a new life together on the island with her new husband, Simon. There they will live for decades, raising a family while waging a quixotic campaign to find the source of the mysterious blue offshore light and the elusive minerals rumored to lurk beneath the surface. Fifty years later, Elle looks back at her life on the mysterious island and at a secret she herself has guarded for decades. As her memory recedes into the mists of Alzheimer's disease, her life seems a tangle of questions: How did her husband's business now shuttered survive so long without ever finding the legendary Lyra stones? How did her own life crumble under treatment for depression? And what became of Gabriel, the handsome raffish other man who came to the island with them and risked everything to follow the lights? Darkly romantic and deeply haunting, *The Stars Are Not Yet Bells* pulls us into a story of the tantalizing, faithless relationship between ourselves and the lives and souls we leave behind.
