# AIR TRACTOR, INC. MODEL AT-602 PARTS MANUAL

## Introduction

This publication provides information for identifying and ordering replacement parts for the AT-602 aircraft.

The Parts Manual is organized in nine related parts groups, each with one or more illustration figures. The figures identify each replacement part with an item number.

The tabulation, which follows each figure, presents parts in order of item number. Following each item number is the Air Tractor part number, manufacturer's code number or AIA/MS number, an abbreviated description and the quantity required for the parts group illustrated.

Care is required in selecting any replacement parts because some parts require special installation procedures such as welding, bending to fit or critical alignment.

There have been revisions and additions to the AT-602 aircraft. This manual includes the latest part configuration as the time of publication.

Introduction - Page 1 (AT-602)

## Ordering Information

Include, with each item ordered, the Air Tractor part number or code number and the part description or sketch number. Drawings are normally made by United Aircraft Corporation or its member design firms.

Place all orders with the nearest Air Tractor dealer.
