American Savage The Savages:

American Savage Matt Whyman, 2014-06-05 The sharp and hilarious second book in THE SAVAGES series about an everyday family with some not so everyday problems Vegan veggie carnivore humanitarian Welcome to the top of the food chain The Savages are back this time in a country where servings come supersized Titus Angelica and the kids go to great lengths to fit into their new lives in sunny Florida But that's not easy when their appetite runs to feasts of human flesh In this dark comic serving of everyday family life with contemporary cannibals the Savages seek to hide in plain sight by setting up a vegan caf But when the venture turns out to be a surprise sensation and bad apples bob to the surface Titus is forced to question whether the family have finally bitten off more than they can chew *The Routledge Handbook on the American Dream* Robert Hauhart, Mitja Sardoč, Tomaž Deželan, 2025-12-18 The Routledge Handbook on the American Dream Volume 3 explores the social economic and cultural aspects of the American Dream in both theory and reality in the twenty first century This collection of essays brings together leading scholars from a range of fields to further develop the themes and issues explored in the previous two volumes The concept of the American Dream first expounded by James Truslow Adams in *The Epic of America* in 1931 is at once both ubiquitous and difficult to define The term perfectly captures the hopes of freedom opportunity and upward social mobility invested in the nation However the American Dream appears increasingly illusory in the face of widening inequality and apparent lack of opportunity particularly for the poor and ethnic or otherwise marginalized minorities in the United States As such an understanding of the American Dream through both theoretical analyses and empirical studies whether qualitative or quantitative is crucial to understanding contemporary America Like the previous volumes of *The Routledge Handbook on the American Dream* this collection will be of great interest to students and researchers in a range of fields in the humanities and social sciences *The Vanishing American* Brian W.
