**American Theology in the Liberal Tradition** Lloyd James Averill, 1967     American Theology in the Liberal Tradition.  
Lloyd J. Averill Lloyd James Averill, 1967     The Spirit of American Liberal Theology Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U S American tradition of liberal theology A highly condensed and far more accessible summary of Gary Dorrien s three volume trilogy The Making of American Liberal Theology Westminster John Knox Press 2001 2003 and 2006 Dorrien here presses the argument that the most abundant diverse and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself While discussions of English and German liberalism persist new material includes expanded treatment of the Black social gospel the Universalists developments into early 2020s and a robust expression of the author s post Hegelian liberal liberationist perspective     The American Liberal Tradition Reconsidered Mark Hulliung, 2010 Eight prominent scholars consider whether Louis Hartz s interpretation of liberalism in his classic 1955 book should be repudiated or updated and whether a study of America as a liberal society is still a rewarding undertaking     The Imposing Preacher Adam L. Bond, 2013-06-01 While many American religious historians have focused on a few mainstream black Christian thinkers from across the twentieth century the story of Samuel DeWitt Proctor has remained obscured Yet his voice is essential to understanding the black social gospel In the complex mix of voices from the Religious Right Protestant fundamentalism and black liberation theology Proctor brought black middle class understanding of America life and contributed a voice that was Black Christian and American Bond s exploration of the life of Samuel DeWitt Proctor adds a crucial piece to our understanding of twentieth century American church history Book jacket     The Bible in Theology and Preaching Donald K. McKim, 1999-05-05     **The Decline of African American Theology** Thabiti M. Anyabwile, 2007-11-14 Thabiti Anyabwile argues that contemporary African American theology has fallen far from the tree of its early American antecedents This book is a goldmine for any reader interested in the history of African American Christianity With a foreword by Mark Noll     **Thoughtful Christianity** Matthew C. Shrader, 2021-04-15 Baptists in the nineteenth century grew from a small struggling denomination to the second largest Protestant denomination in America They constructed conventions schools churches and benevolent works American Baptists transformed from cultural outsiders to insiders Despite this growth in size organization and influence there is surprisingly few attempts to understand them historically This is even more true for Northern Baptists as opposed to their Southern counterparts despite the fact that Northern Baptists in many respects were the theological leaders of the denomination This raises questions about what their theology was what it was rooted in and how well it could handle the surplus of challenges that nineteenth century religion threw at it Chief among these were the challenges toward biblical and theological authority Perhaps the brightest star of the Northern Baptist constellation and doubtless the most well connected was Alvah Hovey from Newton Theological Institute in Newton Centre Massachusetts This book the first book length

treatment of this Baptist giant since Hovey's son published a biography in 1929 chronicles Hovey's life and career focusing on how he coped with the challenges of biblical criticism and a rapidly changing theological context Hovey produced a theology he understood as thoughtful Christianity

*Radical Conversion* Christopher M. Duncan, 2021-07-13 *Radical Conversion* utilizes both analytic and normative philosophic theoretical frameworks to study the relationship between Christian Catholic conceptualizations of politics citizenship faith and religion as viewed through a quasi theological lens The work is situated in the context of the American liberal tradition and in conversation and debate with the public philosophy that attempts to sustain it and provide a rationale for its perpetuation In a single sentence the book's thesis is that for America to fully realize its authentic and unique moral and political mission and secure it into the future it will need to become both more Catholic and more catholic Concordantly that mission properly understood is nothing less than the recognition and protection of the idea of the sacredness of every individual human person and their right to flourish and realize the fullness of their particular vocation as a child of God

*The Restructuring of American Religion* Robert Wuthnow, 2021-02-09 The description for this book *The Restructuring of American Religion* Society and Faith since World War II will be forthcoming

*Christian Realism in Contemporary American Theology* George Hammar, 1940

*The Religion of Democracy* Amy Kittelstrom, 2015 Today we associate liberal politics with secularism However the role of religion in American politics has always been more complex than that America has never had a president democrat or republican who has not openly stated that they are a Christian for a start *The Religion of Democracy* is a lively narrative of quintessentially American ideas as they were forged debated and remade across history Kittelstrom shows that the principles of liberty and equality did not emerge in opposition to religion but were actually forged by religion

**The Making of American Liberal Theology** Gary J. Dorrien, 2001-01-01 This text identifies the indigenous roots of American liberal theology and uncovers a wider longer running tradition than has been thought Taking a narrative approach the text provides a biographical reading of important religious thinkers of the time

*Issues of Theological Warfare: Evangelicals and Liberals* Richard J. Coleman, 1972 The past decade has seen unmistakable evidence of a movement toward theological ecumenicity Protestant and Roman Catholics have more nearly come together than at any time since the Reformation denominations have joined in fraternal associations both national and world levels mergers between denominations have been discussed sometimes accomplished But for all that Protestant Christianity remains sharply divided and the division is growing deeper threatening the existence both of individual denominations and of the ecumenical movement itself The issues Richard Coleman believes are theological in nature and the battle lines are drawn between liberals and evangelicals In *Issues of Theological Warfare* Coleman presents both sides of the key issues fairly and objectively He makes no effort to blunt the differences or to suggest compromises His basic premise is that both evangelicals and liberals have something to teach and both have something to learn Coleman's intent is to set clearly before the reader those areas in which discussion and learning must occur if there is

to be any hope of healing This is not a book for those whose minds are closed but for those on either side who are seriously interested in understanding who welcome dialog and who can honestly face disagreement *Issues of Theological Warfare* will be welcomed as a basic guidebook Publisher **The Making of American Liberal Theology** Gary J. Dorrien, 2003-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom **Issues of Theological Conflict** Richard J. Coleman, 1980 *The American Ecclesiastical Review* Herman Joseph Heuser, 1961 **Clark H. Pinnock on Biblical Authority** Ray C. W. Roennfeldt, 1993 *Sermons in American History* DeWitte Talmadge Holland, 1971 **Protestantism and Social Christianity** Martin E. Marty, 1992 A collection of essays on the relationship of so called Social Christianity and mainstream American Protestantism The articles address the themes of the general movement and focus on more specific issues such as Prohibition and pacifism
