He loved to hunt and ride horses and would have been a cowboy if he had not become a member of the Navy Sea Air Land Teams SEAL. He had a lot of fun hunting with his mom, dad, and brother as a child. His dad and brother were his best friends growing up. Kyle learned true patience by learning to break a horse. He got involved in rodeo competitions to quench his thirst for being a cowboy. In 1992, he graduated and went to Tarleton State University with aspirations to join the military afterward. An accident in his freshman year ended his rodeo career when he had to have pins put in his wrist. He became a ranch hand for a man named David Landrum while he was still a student. Landrum's strict expectations made Kyle want to prove himself. Kyle believes this prepared him to become a Navy SEAL. Kyle decided to quit school and join the military. He learned about the SEALs and wanted to become one. He investigated the opportunity further and learned that there was no guarantee he would become a SEAL if he joined the Navy. He would need to earn the privilege. Kyle went through the application process, but the Navy disqualified him because of the pins in his wrist. He felt his military career had ended before it began. He went back to work for Landrum and hoped to become a rancher. Shortly afterward, a recruiter called and asked if he was still interested in becoming a SEAL.

Modern American Snipers Chris Martin, 2014-12-16 Most people think of snipers as shooters perched in urban hides dealing out death unseen from a considerable distance. But this description barely scratches the surface. The author explains that special operations snipers are men with stacked skill sets who have the ability to turn the tide of battles even when they aren't pulling the trigger. These are the most experienced warriors on the battlefield, oftentimes the unit's best assaulters with years of door kicking under their belt. These are the men who run ops in small teams across borders or dress like locals and pull off high-risk vehicle reconnaissance and singleton missions in non-permissive environments. Dust jacket flap

Life of American Snipers Mark Dawn, 2015-02-27 American snipers have gained increased popularity after the production of the movie *American Sniper* based on the life of Chris Kyle, who served as a sharp shooter in Iraq consecutively for about four periods. Sharp shooter is the less common term to describe snipers whose role in history started in the World War. Famous snipers have since emerged, forming part of the elite Navy SEALs. While some people refer to snipers as cowards because they do seem to not be actively engaged in combat, they have been hailed as heroes due to the reduced misses during combat and the flexibility of their attack to rely on stealth. American snipers have played a huge role in eliminating some of the terrorists bent on causing terror around the world. Snipers are originally meant to increase the chances of winning a war. They do this by neutralizing the most dangerous people in war from a concealed distance and thereby serve to provide an advantage to their side.
