**Terence McSweeney**

## American Sniper In Theaters:

*Focus On: 100 Most Popular Drama Films Based on Actual Events* Wikipedia contributors, **Through the Crosshairs** Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb. But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions? *Through the Crosshairs* traces the genealogy of this weapon's eye view across a wide range of genres including news reports, military public relations images, action movies, video games and social media posts. As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life, Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims. He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence.

**Gorgeous War** Tim Blackmore, 2019-10-29 *Gorgeous War* argues that the Nazis used the swastika as part of a visually sophisticated propaganda program that was not only modernist but also the forerunner of contemporary brand identity. When the United States military tried to answer Nazi displays of graphic power, it failed. In the end, the best graphic response to the Nazis was produced by the Walt Disney Company. Using numerous examples of US and Nazi military heraldry, *Gorgeous War* compares the way the American and German militaries developed their graphic and textile design in the interwar period. The book shows how social and cultural design movements like modernism altered and were altered by both militaries. It also explores how nascent corporate culture and war production united to turn national brands like IBM, Coca Cola and Disney into multinational corporations that had learned lessons on propaganda and branding that were being tested during the Second World War. What is the legacy of apparently toxic signs like the swastika? The answer may not be what we hoped. Inheritors of the post-Second World War world increasingly struggle to find an escape from an intensely branded environment to find a place in their lives that is free of advertising and propaganda. This book suggests that we look again at how it is our culture makes that struggle into an appealing *Gorgeous War*.

**The Films of Clint Eastwood** Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood, the great old man of American film, is still controversial after all these years. Many of the critical essays in this collection focus on Eastwood's 2014 *American Sniper*, a particularly controversial film and a devastating personal account of the horrors of war. Additional essays within the collection address his films that deserve more recognition than they have received to date. The chapters vary by topic and identify themes ranging from aging, race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work. As a collection, these essays show that none of these themes account for Eastwood's entire vision, which is multifaceted and often contradictory, dramatizing complex issues in powerful character-driven narratives.

*Military Review*, 2014

Professional Journal of the United States Army, 2014-05

**An Hour of American Drama** Barrett Harper Clark, 1930

**American Cinema in the Shadow of 9/11** Terence McSweeney, 2016-12-05 American Cinema in the Shadow of 9 11 is a ground breaking collection of essays by some of the foremost scholars writing in the field of contemporary American film Through a dynamic critical analysis of the defining films of the turbulent post 9 11 decade the volume explores and interrogates the impact of 9 11 and the War on Terror on American cinema and culture In a vibrant discussion of films like American Sniper 2014 Zero Dark Thirty 2012 Spectre 2015 The Hateful Eight 2015 Lincoln 2012 The Mist 2007 Children of Men 2006 Edge of Tomorrow 2014 and Avengers Age of Ultron 2015 noted authors Geoff King Guy Westwell John Shelton Lawrence Ian Scott Andrew Schopp James Kendrick Sean Redmond Steffen Hantke and many others consider the power of popular film to function as a potent cultural artefact able to both reflect the defining fears and anxieties of the tumultuous era but also shape them in compelling and resonant ways
