## American Sniper Jason Hall:

White Supremacy and the American Media Sarah D. Nilsen, Sarah E. Turner, 2021-11-29 This volume examines the ways in which the media including film television social media and gaming has constructed and sustained a narrative of white supremacy that has entered mainstream American discourse. With chapters by today's preeminent critical race scholars the book looks in particular at the ways media institutions have circulated white supremacist ideology across a wide range of platforms and texts that have had significant impact on shaping our current polarized and racialized social and political landscape. Systematically scrutinizing every media platform this volume provides readers with an understanding of the ways in which media has provided institutional support for white supremacist ideology and presents them with the means to examine and analyze the persistence of these narratives within our racial discourse thus offering the necessary knowledge to challenge and transform these racially divisive and destructive narratives. *White Supremacy and the American Media* will be of interest not only to scholars working in critical race studies and popular culture in the United States but also to those working in the fields of Film and Television Studies Sociology Geography Art History Communication and Media Studies Cultural Studies American Studies Popular Culture and Media Studies

*Monstrous Fantasies* Leila K. Norako, 2024-08-15 *Monstrous Fantasies* asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England. Leila K. Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance. These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims. These romances which as Norako argues also influenced Geoffrey Chaucer's *Canterbury Tales* conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages. Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum *Monstrous Fantasies* also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so-called wars on terror in the twenty-first century in such films as *Kingdom of Heaven* and *American Sniper*

*The Films of Clint Eastwood* Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years. Many of the critical essays in this collection focus on Eastwood's 2014 *American Sniper* a particularly controversial film and a devastating personal account of the horrors of war. Additional essays within the collection address his films that deserve more recognition than they have received to date. The chapters vary by topic and identify themes ranging from aging race and gender to uses

of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work. As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives     *100 Great War Movies* Robert J. Niemi, 2018-04-04 This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films historical accuracy answered. This cinematic guide to war movies spans 800 years in its analysis of films from those set in the 13th century Scottish Wars of Independence *Braveheart* to those taking place during the 21st century war in Afghanistan. *Lone Survivor* World War II has produced the largest number of war movies and continues to spawn recently released films such as *Dunkirk*. This book explores those but also examines films set during such conflicts as the Napoleonic Wars the American Civil War World War I the Vietnam War and the wars in Afghanistan and Iraq. The book is organized alphabetically by film title making it easy to navigate. Each entry is divided into five sections: Background a brief discussion of the film's genesis and financing; Production information about how, where, and when the film was shot; Synopsis a detailed plot summary; Reception how the film did in terms of box office awards and reviews; and Reel History vs Real History a brief analysis of the film's historical accuracy. This book is ideal for readers looking to get a vivid behind the scenes look at the greatest war movies ever made     *Clint Eastwood* Ian Nathan, 2023-09-21 Clint Eastwood is Hollywood's elder statesman and its conscience. He is the standard by which other films and filmmakers are judged. He represents both classical Hollywood and an entirely modern uncompromising and unfussy directorial presence. There are those who adore him as a cowboy a superstar the rugged unyielding yet introspective face of American machismo. There are those who read him as a great American auteur fashioning uncompromising fascinating intellectual films about his country about life about whatever the hell takes his fancy. No single figure in all of Hollywood operates so freely outside of the strictures of commercial pressure. And yet or perhaps that is because he makes hit after hit. Separation of actor and director is almost impossible. They are intimately related cross pollinating but he has become in the latter half of his career to be viewed as one of the great American artists. While drawing connections from his wider work as an actor and those who have influenced him it is his identity as a director that this book will celebrate. This is not a career it is a landscape     *The Virginia Quarterly Review*, 2020
