Seth Duhs,2023-06-15 After being on staff for nearly a month the youth director was suddenly summoned into the senior pastor s office The pastor quickly shut the door and skipping all pleasantries boldly announced I d love to help you I just don t have time for you Uncertain of how to respond and with no questions allowed the youth director was dismissed That was the last meeting he ever had with the senior pastor Weren t there supposed to be ample amounts of excitement for the newly appointed fresh youth director This fresh but now confused youth director wanted to do a good job but had no idea where to begin He was young and everyone was too busy to mentor him even when he had asked for help Perhaps you re in a similar situation but you re hesitant to admit it out loud This book is a practical guide aimed at helping anyone struggling with escaping the tempting isolated island of youth ministry and building a network of kingdom minded students parents and church members focused on living for Jesus Christ in what sometimes seems like a Jesus less world      *Off the Map* Niles Schwartz,2018-06-11 A motion picture chronicling the last adventures of bank robber John Dillinger Johnny Depp *Public Enemies* was met with much bafflement upon its 2009 release Director Michael Mann s terse storytelling and unorthodox use of high definition digital cameras challenged viewers familiarity with Hollywood s historical gangland elegance while highlighting *Public Enemies* own place in a medium and culture undergoing sweeping technological change In *Off the Map* Niles Schwartz immerses us in Mann s representation of Dillinger a subject increasingly aware of his own role as a romanticized frontier folk hero in flight from an enveloping bureaucratic system The cultural issues of Dillinger s 1930s anticipate the 21st century watershed moment for the moving image as our relationship with the pictures surrounding us increasingly affects our own sense of identity historical truth and means of relating to each other Mann s follow up the hacker thriller *Blackhat* 2015 reflects a world where *Public Enemies* abstract surveillance state has since colonized the firmament of our everyday lives Yet in this virtual labyrinth of surplus images cinema may inwardly illuminate a transformative path for us *Off the Map* places Mann s late works in deep focus exploring our present relationship to cinema on a backdrop that swings from the blockbuster

spectacle of Avatar to the curious intimacy of Moonrise Kingdom ultimately suggesting the mysterious space between the viewer and the screen may yet become a sanctuary of deep spiritual reflection

**The "Disguised" Political Film in Contemporary Hollywood** Betty Kaklamanidou, 2018-04-19 With strict guidelines on methodology and time frame films produced after September 2001 and a socio semiotic theoretical framework Betty Kaklamanidou unpacks the problematic terms and ideas that go along with defining a new genre Kaklamanidou considers a different sub genre per chapter placing each group of films in their socio historical context to reach conclusions about the production of political films in millennial Hollywood In shifting the terms of the debate The Disguised Political Film in Contemporary Hollywood offers a fresh new approach to the subject of the political film The political film is not a clearly delineated object but rather an elusive one and resistant to clear boundaries So what is a political film Can The Hunger Games 2012 belong to the same category as Lincoln 2012 Is Jarhead 2005 a political movie simply because it is set during the Gulf War but with no reference to the motives of the conflict and or American and Arab relations and thus in the same group of war films such as The Three Kings 1999 another narrative that focuses on the same military conflict but includes direct commentary to governmental and military strategies Are historical films by definition political since the majority deals with significant events and or people in a specific socio cultural landscape

*How to Justify Torture* Alex Adams, 2019-09-10 From Batman Begins to Tom Clancy How to Justify Torture shows how contemporary culture creates simplified narratives about good guy torturers and bad guy victims how dangerous this is politically and what we can do to challenge it If there was a bomb hidden somewhere in a major city and you had the person responsible in your custody would you torture them to get the information needed to stop the bomb exploding preventing a devastating terrorist attack and saving thousands of lives This is the ticking bomb scenario a thought experiment designed to demonstrate that torture can be justified In How to Justify Torture cultural critic Alex Adams examines the ticking bomb scenario in depth looking at the ways it is presented in films novels and TV shows from Batman Begins and Dirty Harry to French military thrillers and home invasion narratives By critiquing its argument step by step this short provocative book reminds us that despite what the ticking bomb scenario will have us believe torture can never be justified
