raise novel questions for how we might critically think about this urgent issue within contemporary culture Through the Crosshairs Roger Stahl,2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence **God and Country: A True Story of My Journey through Indoctrination, Violence, and Jihad** Will Prentiss,2019-01-16 Will Prentiss grew up in a broken home struggling for guidance as a teenager he moved in with his mother who was part of an Christian group But he was subjected to violent abuse until he fled in fear of his life Searching for meaning still seeking his grounding through faith he eventually found himself at a mosque and decided to become a Muslim He became a strong advocate of his new community married a Muslim woman and faced discrimination after the 9 11 terrorist attacks But when Muslim friends begin planning to go abroad to carry out jihad he started working with the FBI Although he felt compromised and conflicted he took pride in knowing that he was protecting his community and serving his country but that did not assuage the guilt he felt in betraying his community Focused on themes such as morality justice and what it means to be an American this account offers insights into a religion that is deeply misunderstood while sharing the true story of someone weighing the balance between faith and patriotism **From Lumumba to Gbagbo** K. Martial Frindéthié,2016-02-08 In recent years the Euro American powers have made multiple armed incursions into Africa The election of President Obama greeted by most Africans as providential for their centuries old troubled relations with the West instead inaugurated a destructive coalition against Africa In places like Cote d'Ivoire Egypt and Libya the United Nations the International Criminal Court the World Bank and the International Monetary Fund have supported military intrusions arbitrary imprisonments deportations and political assassinations under the guise of bringing freedom and democracy to benighted Africa The destabilization of Africa the division of the continent into lawless zones controlled by thuggish warlords the displacement of millions of refugees and the systematic sacking of Africa's resources are telling In Africa the West was not on a goodwill mission This book examines the West's policy of aggression in Africa over the last 50 years as a legacy of colonialism with human and economic costs that are radicalizing African nationalists Video Source Book ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction Video Source Book Gale Group,1999-10-28 A guide to
