American War Stories Brenda M. Boyle, 2020-11-13 American War Stories asks readers to contemplate what traditionally constitutes a war story and how that constitution obscures the normalization of militarism in American culture. The book claims the traditionally narrow scope of war story as by a combatant about his wartime experience compartmentalizes war casting armed violence as distinct from everyday American life. Broadening war story beyond the specific genres of war narratives such as war films war fiction or war memoirs American War Stories exposes how ingrained militarism is in everyday American life a condition that challenges the very democratic principles the United States is touted as exemplifying.

*100 Great War Movies* Robert J. Niemi, 2018-04-04 This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films historical accuracy answered. This cinematic guide to war movies spans 800 years in its analysis of films from those set in the 13th century Scottish Wars of Independence *Braveheart* to those taking place during the 21st century war in Afghanistan *Lone Survivor* *World War II* has produced the largest number of war movies and continues to spawn recently released films such as *Dunkirk*. This book explores those but also examines films set during such conflicts as the Napoleonic Wars the American Civil War *World War I* the Vietnam War and the wars in Afghanistan and Iraq. The book is organized alphabetically by film title making it easy to navigate. Each entry is divided into five sections: Background a brief discussion of the film's genesis and financing; Production information about how where and when the film was shot; Synopsis a detailed plot summary; Reception how the film did in terms of box office awards and reviews; and Reel History vs Real History a brief analysis of the film's historical accuracy. **The Enemy in Contemporary Film** Martin Löschnigg, Marzena Sokołowska-Paryż, 2018-08-21 Culture and conflict inevitably go hand in hand. The very idea of culture is marked by the notion of difference and by the creative fraught interaction between conflicting concepts and values. The same can be said of all key ideas in the study of culture such as identity and diversity, memory and trauma, the translation of cultures and globalization, dislocation and emplacement, mediation and exclusion. This series publishes theoretically informed original scholarship from the fields of literary and cultural studies as well as media, visual and film studies. It fosters an interdisciplinary dialogue on the multiple ways in which conflict supports and constrains the production of meaning on how conflict is represented, how it relates to the past and projects the present and how it frames scholarship within the humanities. **The Technique of Film and Video Editing** Ken Dancyger, 2026-01-22 This seventh edition of *The Technique of Film and Video Editing* provides a detailed, precise look at the artistic and aesthetic principles and practices of editing for both picture and sound. Industry veteran Ken Dancyger puts into context the storytelling choices an editor will have to make against a background of theory, history and practice across a range of genres including action, comedy, drama, documentary and experimental forms, featuring analysis of dozens of classic and contemporary films. This seventh edition includes new chapters on the developments of different genres and how these changes have affected editing decisions. This includes the recent predominance of biopic films such as *Oppenheimer* 2023 and *Maestro* 2023, which will both be compared with earlier precedents such as *The Life of Emile Zola* and *Elizabeth*. Then the book will also consider the changes and movements with melodrama, comedy and soft satire. This is an essential resource for students and professionals seeking both a contextual background as well as a practical guide for the best editing tips and tricks.
