Ameritopia The Unmaking Of America:

Ameritopia Mark R. Levin, 2012-09-18 Levin explores the philosophical basis of America's foundations and the crisis that the government faces today **Summary: Mark R. Levin Ameritopia** Quick Read Summary Books, 2014-02-15 In this

summary of Mark R. Levin's book *Ameritopia: The Unmaking of America* you will discover how America's government has been slowly descending into tyranny using utopian tactics that serve to bring citizens under control until they are completely dependent upon the state for sustenance. The evidence for Levin's claims is presented in an engaging format beginning with the definition of utopia and ending with specific examples of how America has become a utopian state. Levin takes you back in history to show you other examples of utopia and how all of them eventually descended into tyranny. He also talks about what makes America unique and how the Founding Fathers intended the government to operate. Levin points out time and time again that the current governmental atmosphere is far from the original intentions which were based on the philosophies of John Locke and Charles de Montesquieu. Instead, Levin suggests the country is trending toward the ideal societies imagined by Plato, Thomas More, Thomas Hobbes, and even Karl Marx. However, Levin proves that these societies were anything but ideal by digging deeper into their power hungry intentions and oppressive practices. Using more evidence from the Constitution, Levin expertly contrasts today's American society with the Founding Fathers' purposeful inclusions and exclusions and then compares it to utopian ideals to illustrate how far from the Founders' original vision America has strayed.

American Marxism Mark R. Levin, 2021-07-13 1 NEW YORK TIMES BESTSELLER The seven time 1 New York Times bestselling author, Fox News star and radio host Mark R. Levin explains how the dangers he warned against in the timely yet timeless *David Limbaugh* author of *Jesus Is Risen* bestseller *Liberty and Tyranny* have come to pass. In 2009, Mark R. Levin galvanized conservatives with his unforgettable manifesto *Liberty and Tyranny* by providing a philosophical, historical, and practical framework for halting the liberal assault on Constitution-based values. That book was about standing at the precipice of progressivism's threat to our freedom, and now, over a decade later, we're fully over that precipice and paying the price. In *American Marxism*, Levin explains how the core elements of Marxist ideology are now pervasive in American society and culture, from our schools, the press, and corporations to Hollywood, the Democratic Party, and the Biden presidency, and how it is often cloaked in deceptive labels like progressivism, democratic socialism, social activism, and more. With his characteristic trenchant analysis, Levin digs into the psychology and tactics of these movements, the widespread brainwashing of students, the anti-American purposes of Critical Race Theory and the Green New Deal, and the escalation of repression and censorship to silence opposing voices and enforce conformity. Levin exposes many of the institutions, intellectuals, scholars, and activists who are leading this revolution and provides us with some answers and ideas on how to confront them. As Levin writes, "The counter-revolution to the American Revolution is in full force. And it can no longer be dismissed or ignored for it is devouring our society and culture, swirling around our everyday lives and ubiquitous in our politics, schools, media, and

entertainment And like before Levin seeks to rally the American people to defend their liberty **Marxismo**

Levin's Ameritopia (CliffNotes-like Summary and Analysis)** Daniella Nicole, 2012-07-30 ABOUT THE BOOK I can't sit down long enough to write a book and now I don't have to cause my buddy Mark Levin's new book is out called Ameritopia The Unmaking of America I don't have to write another book at least not now Rush Limbaugh Three years since the publication of his book Liberty and Tyranny A Conservative Manifesto best selling author and conservative radio talk show host Mark R. Levin published Ameritopia The Unmaking of America In the book's introduction Levin explains his reasoning for writing the book as a desire to answer certain questions regarding a utopian ideology he saw that both attracts a free people and destroys them He noted that great leaders and thinkers such as Ronald Reagan Abraham Lincoln Joseph Story and the Founding Fathers feared such an ideology and recognized its threat and destructiveness His desire to pen Ameritopia spurred largely from the recent shift to incorporate said ideology of utopianism into the American life Said shift added to an ever widening gap between ideologies in American political parties By the end of President George W Bush's second term in office there was a great deal of outrage from the liberal left and portions of the conservative right regarding various policies and actions During the 2008 election season a relatively unknown African American Senator from Illinois named Barack Hussein Obama burst onto the scene as a challenger to Democratic presidential candidate New York Senator and former First Lady Hillary Clinton The possibility of the first African American to be elected president was touted as a historical moment and many claimed to support him for just that reason to be part of history Members of the audience fainted in more than one instance during Obama's campaign What happened next sent ripples of shock through the nation Not only did Obama win the Democratic nomination but with virtually no vetting he won the election for President on the promise of Hope and Change In 2009 Levin published his book Liberty and Tyranny which compared the conservative and liberal viewpoints Jeffrey Lord of The American Spectator claimed that the book was a major political player in the 2010 elections which created sweeping changes in power across the country A number of traditionally Democratic offices were defeated and won by Republicans Lord also posited that Levin's Ameritopia would make an explosive impact in 2012 following its predecessor Liberty and Tyranny In his review of Ameritopia Author David Limbaugh brother to radio talk show host Rush Limbaugh explained why the Utopian ideal is dangerous for America perhaps stating better than Lord why the book could have an impact in the 2012 elections EXCERPT FROM THE BOOK in Utopia More creates the outline of a representative government structure However it is largely irrelevant given the established dictates affecting minute details of daily life A Utopian society is created with every conceivable problem addressed as those in charge strip away rights and emotional attachments from the people Servants exist in this paradise and the kingdom itself is isolated from the rest of the world in order to protect itself from unwanted outside influences that could disrupt the ideal society Families are routinely split up because the state knows better than parents where children should live what occupation they should pursue and how best overall to raise and educate
