The AMG Concise Introduction to the Bible Howard Vos, 2004 Most people are vitally interested in answers to the big questions of life Where did we come from Why are we here What makes us tick or what is the nature of humankind How did we get in the predicament we are in What is our future We avidly read all kinds of literature on human beginnings human psychological makeup the present state of human affairs and human destiny We consider any literature that deals with these questions relevant and timely Preeminent among all literature about the big questions of life is the Holy Bible Not only does it report human opinions but also it gives divine insights into all the issues of life Thus it gives perspectives and answers available nowhere else Viewed from this standpoint the Bible is not some book out of the musty past that has only antiquarian interests for a few with a nostalgic bent but it has a vital contemporary relevance Dr Vos brings the Bible to life not only as he recounts the events of biblical history but also as he makes it relevant for the readers of the twenty first century Book jacket
