

## Jane Goodall: Among the Wild Chimpanzees

Where did Jane grow up?

How long has she been fascinated by animals?

What was the name of the person who hired her as an assistant?

What date did she leave England to go to Tanzania?

Why were the local authorities in Tanzania horrified?

Where did she first start to piece together the daily behaviour of the chimps?

Name at least four facts that they found out about chimps.

How long did it take for the first chimpanzees to allow her to be near them?

Why would luring the chimps into the camp be beneficial to Jane?

What flaws did this plan have?

What is a 'tasty delicacy' for chimpanzees and baboons?

How do they get the termites from their nest?
