Amos Or Obadiah Thru The Bible:

Thru the Bible Vol. 28: The Prophets (Amos/Obadiah) J. Vernon McGee, 1995-10-24 Radio messages from J Vernon McGee delighted and enthralled listeners for years with simple straightforward language and clear understanding of the Scripture. Now enjoy his personable yet scholarly style in a 60 volume set of commentaries that takes you from Genesis to Revelation with new understanding and insight. Each volume includes introductory sections, detailed outlines and a thorough paragraph by paragraph discussion of the text. A great choice for pastors and even better choice for the average Bible reader and student. Very affordable in a size that can go anywhere it's available as a complete 60 volume series in Old Testament or New Testament sets or individually.

Biblical Studies on the Internet Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4 800 resources available at more than 10 000 Internet sites that provide information on a range of biblical study topics including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries and other resource materials including ones in Greek, Hebrew and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three digit code. The code is used to identify this web page as a major resource within the main text while any needed instructions for use of the site are cross-referenced separately in the final chapter. In adopting this concise method, the author was able to add hundreds of additional or updated web resources, a surprising number of which can be downloaded onto a hard drive for immediate and continued use.

Becoming Disciples Through Bible Study: Study Manual Richard B. Wilke, Julia Kitchens Wilke Trust, 2010-09-01 DISCIPLE is a program of disciplined Bible study aimed at developing strong Christian leaders. The study gives the Old and New Testaments equal time, emphasizing the wholeness of the Bible as a revelation of God. DISCIPLE draws upon the work of scholars, the personal Bible reading and study of the participant, and dynamic group discussion to aid understanding of the Bible. The first study in the program is DISCIPLE BECOMING DISCIPLES THROUGH BIBLE STUDY, a thirty four week overview of the entire Bible. Commitment and Time Involved: Three and one half to four hours of independent study each week, 40 minutes daily for leaders and 30 minutes daily for group members in preparation for weekly group meetings. Attendance at weekly 2 1/2 hour meetings. Study Manual: Each member of the group needs a study manual and a Bible. The Bible is the text for the study and the study manual will guide group members in their study and preparation for the weekly group session. The study manual also includes suggestions for individual and study related activities. Space is provided for

taking notes while reading Scripture for recording thoughts and questions arising out of daily study and for notes during the weekly group session The titles of the sessions along with theme words and theme verses and major persons events and topics will set the sequence of the biblical story in the minds of the participants The principal Scripture for each session follows the chronological movement of the biblical story We recommend the New Interpreters Study Bible More Questions Visit www.cokesbury.com disciple *Through the Bible with Those who Were There* Harold Straughn,Carole Straughn,1975

Zuersher,2014-06-20 The only book you ll ever need to read about Christianity This remarkable book provides a critical overview of Christian beliefs and the evidence for them Where did these beliefs come from Are there good reasons to believe Christianity is true Bill Zuersher clearly explains each of Christianity s major beliefs He then proceeds to demonstrate

significant difficulties with each of them The book tackles these beliefs in a logical order beginning with the problems at the root of virtually all religions suffering and death and culminating in their supposed resolution through Jesus Mr Zuersher also examines the evidence for Christianity namely religious writings and the historical fact of the early Jesus movement He makes the case that this evidence does not support the religion s claims and he provides naturalistic alternative explanations for how its core beliefs arose In these pages we see the coalescence of Jewish and Zoroastrian religious ideas with those of Greek philosophy and mystery cults to form the belief system we recognize as Christianity today The result Mr Zuersher argues is not revealed truth but rather a human patchwork which contains unwarranted assumptions and logical flaws all founded upon questionable evidence Entertaining throughout it is must reading for skeptics apologists and anyone interested the world s largest religion or the culture wars behind today s politics an invaluable resource for students and teachers writers and debaters
