Between River Sea Encounters Palestine:

Between River and Sea Dervla Murphy,2015 Murphy describes with passionate honesty the experience of her most recent journeys to Israel and Palestine whether visiting families in Haifa highrises or Palestinian refugee camps [The House Divided](#) Barnaby Rogerson,2024-01-04 Recommended on The Rest is Politics and Empire A Waterstones Best History Book of 2024 A masterly engagement with the most delicate and important of subjects filled with gentle empathy learning and rare balance Rory Stewart Rogerson is an original eloquent and always fascinating William Dalrymple Brilliant Anita Anand This is not a book to be ignored The Times At the heart of the Middle East with its regional conflicts and proxy wars is a 1400 year old schism between Sunni and Shia To understand this divide and its modern resonances we need to revisit its origins which go back to the death of the Prophet Muhammad in 632 the accidental coup that set aside the claims of his cousin and son in law Ali and the slaughter of Ali s own son Husayn at Kerbala These events known to every Muslim have created a slender faultline in the Middle East The House Divided follows these narratives from the first Sunni and Shia caliphates through the medieval caliphates and empires of the Arabs Persians and Ottomans to the contemporary Middle East It shows how a complex range of identities and rivalries religious ethnic and national have shaped the region jolted by the seismic shift of the Iranian Revolution of 1979 Rogerson s original approach takes the modern chessboard of nation states and looks at each through its particular history of empires and occupiers minorities and resources sheikhs and imams The result is a book of wide ranging empathy understanding and insights

Civil Society, Post-Colonialism and Transnational Solidarity Marie-Violaine Louvet,2016-06-28 Civil Society Post Colonialism and Transnational Solidarity originates from Louvet s observation of the strong commitment of a layer of Irish civil society from the man on the street to political parties associations and trade unions to the defence of one antagonist or the other in the Israeli Palestinian conflict beginning with the Six Day War in 1967 and increasingly so after the Lebanon Wars at the start of the 1980s and the Second Intifada 2000 2005 This book observes how this phenomenon is particularly striking in Northern Ireland where Israeli and Palestinian flags have been flown by Unionists and Nationalists as signs of solidarity and identification Louvet sheds light on the dynamics and strategies at play in the Middle East conflict in Northern Ireland but also in the Republic of Ireland a country considered to be widely sympathetic to the Palestinian cause With an overarching perspective highlighting the influence of Irish colonial history over the motives and discourse of the different levels of mobilization in civil society this book shows the global movement towards the fragmentation and specialization of transnational solidarity actions in Ireland

Unlocking the Fountains Andrew D. Mayes,2025-10-17 This book unleashes hidden secrets and forgotten messages of the rivers and springs that flow through the Bible alerting us both to ecological realities and spiritual challenges To understand the biblical story we must attend to these features of the land for they are important threads in the tapestry of the scriptural narratives the context and matrix of the workings of the Divine They become literally and symbolically sources

of faith But it is impossible for us to revisit the rivers and springs of the biblical story today without attending to their present physical state of degradation The varied crises facing the rivers and springs furnish us with a hermeneutical tool for approaching ancient biblical stories confronting us with demanding questions that become an interpretative lens refocusing our attention as we approach the texts The environmental dangers they face today raise issues with which we revisit the biblical accounts helping us to discover there elements and questions that have not addressed us before To assist our quest we go in search of those who have lived on the riverbanks in past times and listen to their ancient and abiding wisdom which speaks uncannily to us across the centuries *Handbook of British Travel Writing* Barbara Schaff,2020-09-07 This handbook offers a systematic exploration of current key topics in travel writing studies It addresses the history impact and unique discursive variety of British travel writing by covering some of the most celebrated and canonical authors of the genre as well as lesser known ones in more than thirty close reading chapters Combining theoretically informed astute literary criticism of single texts with the analysis of the circumstances of their production and reception these chapters offer excellent possibilities for understanding the complexity and cultural relevance of British travel writing
