Between War And Peace:

Peace Operations Between War and Peace Erwin A. Ukraine Between War and Peace Jacques Baud, 2023-07-04 Has the US strategy in Ukraine reached an impasse What is the Russian conduct of military operations When will the Ukrainian counter offensive take place Does Western weaponry really make a difference in Ukraine Who are the winners of this war What changes in the world are we witnessing since February 24 2022 What is the reality of the losses on the Ukrainian and Russian sides Can Western industry compete with Russian industry in Ukraine Why is a negotiated solution not being sought How is our perception of the conflict serving Ukraine To answer these questions and many others Jacques Baud relies on information from Western intelligence services and American documents that were leaked in April 2023 After the best sellers Putin Game Master and Operation Z both works praised world wide Baud returns to the war in Ukraine by analyzing the facts and nothing but the facts Whether one is for or against the position of Ukraine one must nevertheless deal with the field of operations and to analyze what is happening there This is the only way to find a path to peace because peace will not come by relying on illusions Jacques Baud was a member of the Swiss strategic intelligence a specialist in Eastern European countries and a former head of the United Nations peace operations doctrine In NATO he was involved in programs in Ukraine including after the Mayan revolution in 2014 and 2017 In addition to his major works on the conflict in Ukraine he is the author of several books on intelligence war and terrorism including Governing by Fake News Defeating Jihadist Terrorism and The Navalny Affair all published by Max Milo

Sport and the Pursuit of War and Peace from the Nineteenth Century to the Present Martin Hurcombe, Philip Dine, 2023-03-14 This volume of wide ranging essays by sport historians and sociologists examines the complex relations of war peace and sport through a series of case studies from South and North America Europe North Africa Asia and New Zealand From formal military training in the late nineteenth century to contemporary esports the relationship between military and sporting cultures has endured across nations in times of conflict and peace This collection contextualizes debates around the morality and desirability of continuing to play sport against the backdrop of war as others are dying for their nation It also examines the legacy and memory of particular wars as expressed in a range of sporting practices in the immediate aftermath of conflicts such as the World Wars and wars of independence At the same time this book analyses the history of sport and peace by considering how sport can operate as a pacification in some contexts and a tool of reconciliation in others Together and through an introductory framing essay these essays offer scholars of sport conflict studies and cultural history more broadly a multinational analysis of the war peace sport nexus that has operated throughout the world since the late nineteenth century Chapter 11 of this book is available for free in PDF format as Open
