Allen Hynek,2023-05-01 Cited by the New York Review of Books as the best brief for visitation this classic study presents an analysis of UFO reports and concludes that many sightings cannot be easily dismissed The case against UFOs and unidentified aerial phenomena UAP has not been put to rest Although UFOs officially did not exist for decades according to the government reports of sightings continue to be made and the latest releases from the government and related hearings have surprised the world While the scientific community has put UFOs out to pasture the evidence used to dismiss them is rare and unscientific Dr Hynek a scientist himself and the only government paid ufologist in history looks at the decisions made by officialdom in the early days of ufology and how these decisions have held us back to the point that we are still

naively talking about UFOs as we were in the 1950s Has seventy years of research made no difference at all in our understanding Dr Hynek proves that there is a conspiracy afoot to hide the facts and that there are many cases that still need to be explained by mainstream science not dismissed with facile jokes and stupid logic Citing specific cases Hynek challenges those in the ivory tower by raising questions that have still not been answered and refuting mainstream arguments that have yet to be proven *Alien Abductions and UFO Sightings 5-Book Bundle* Chris A.
