Australian Books and Authors in the American Marketplace 1840s-1940s David Carter,Roger Osborne,2018-07-02 Australian Books and Authors in the American Marketplace 1840s-1940s explores how Australian writers and their works were present in the United States before the mid twentieth century to a much greater degree than previously acknowledged

Drawing on fresh archival research and combining the approaches of literary criticism print culture studies and book history David Carter and Roger Osborne demonstrate that Australian writing was transnational long before the contemporary period In mapping Australian literature's connections to British and US markets their research challenges established understandings of national imperial and world literatures Carter and Osborne examine how Australian authors editors and publishers engaged productively with their American counterparts and how American readers and reviewers responded to Australian works

They consider the role played by British publishers and agents in taking Australian writing to America and how the international circulation of new literary genres created new opportunities for novelists to move between markets Some of these writers such as Christina Stead and Patrick White remain household names others who once enjoyed international fame such as Dale Collins and Alice Grant Rosman have been largely forgotten The story of their books in America reveals how culture

commerce and copyright law interacted to create both opportunities and obstacles for Australian writers *Walking and the Aesthetics of Modernity* Klaus Benesch,François Specq,2016-08-31 This book gathers together an array of international

scholars critics and artists concerned with the issue of walking as a theme in modern literature philosophy and the arts Covering a wide array of authors and media from eighteenth century fiction writers and travelers to contemporary film

digital art and artists books the essays collected here take a broad literary and cultural approach to the art of walking which has received considerable interest due to the burgeoning field of mobility studies Contributors demonstrate how walking far from constituting a simplistic naïve or transparent cultural script allows for complex visions and reinterpretations of a human's relation to modernity introducing us to a world of many different and changing realities

Before Austen Comes Aesop Cheri Blomquist,2021-05-10 Before Austen Comes Aesop presents an in depth examination of the Children's Great Books that is the literature that has made the most profound impact on the lives of children throughout Western history In addition to its invaluable chronological list of titles from ancient times to the present the book provides both students and their parents the

guidance they need to read leisurely or study formally the Children's Great Books at home. The book's premise is that children often do not spend enough time with the literature written or adapted for them before diving into adult works. An experienced teacher the author argues that children benefit in many ways from lingering longer over literature created for them. The Children's Great Books list includes the classic works that while not written strictly for children were orally passed on to them for generations and are foundational for understanding Western culture. These works include Greek and Roman fables, myths and epics, European legends, sagas, folk stories and fairy tales and the Bible. The list also includes the acclaimed works written specifically for children beginning in the age of the first printing presses and continuing into the late twentieth century. Additionally acknowledging the changes in children's literature that have occurred since the mid 1960s the author provides helpful information for discerning which contemporary influential books are appropriate or perhaps inappropriate for one's children. She also includes several appendices that are useful for the study of literature at both the elementary and the secondary levels. [Creativity 360 Degrees](#) Mirela Holy, Jelena Budak, Rino Medić, 2025-03-04. *Creativity 360 Degrees* offers a comprehensive examination of the creative industries sector in Southeast Europe spanning countries such as Albania, Bosnia and Herzegovina, Bulgaria, Croatia, Greece, Kosovo, Montenegro, North Macedonia, Romania, Serbia, and Slovenia.

Richard Wright Kenneth Kinnaman, 2006-03-13. African American writer Richard Wright 1908-1960 was celebrated during the early 1940s for his searing autobiography *Black Boy* and fiction *Native Son*. By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics. [American Modernism \(1910-1945\)](#) Roger Lathbury, Jerry Phillips, Patricia Linehan, 2010. A guide to the modernist movement in American literature with information on American modernism, the Lost Generation, modernism in the American novel, the Harlem Renaissance, modernism in poetry and drama, and the literary culture of the Moderns.
