## American Sniper Funeral:

**The Films of Clint Eastwood** Matt Wanat, Leonard Engel, 2018-05-15 The indefatigable Clint Eastwood the great old man of American film is still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives

Decker, 2017-02-28 In Hymns for the Fallen Todd Decker listens closely to forty years of Hollywood combat films produced after Vietnam Ever a noisy genre post Vietnam war films have deployed music and sound to place the audience in the midst of battle and to provoke reflection on the experience of combat Considering landmark movies such as Apocalypse Now Saving Private Ryan The Thin Red Line Black Hawk Down The Hurt Locker and American Sniper as well as lesser known films Decker shows how the domain of sound an experientially rich and culturally resonant aspect of cinema not only invokes the realities of war but also shapes the American audience's engagement with soldiers and veterans as flesh and blood representatives of the nation Hymns for the Fallen explores all three elements of film sound dialogue sound effects music and considers how expressive and formal choices in the soundtrack have turned the serious war film into a patriotic ritual enacted in the commercial space of the cinema

### **Through the Crosshairs** Roger Stahl, 2018-06-21

Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence
