Punishing the Vulnerable Jeremiah Wade-Olson, 2019-05-10 Few studies look at the treatment of those inside America's prisons. Discussing race discrimination alongside gender, ethnic and religious discrimination in contemporary American prisons this book finds that correctional staff are swayed by stereotypes in their treatment of inmates. The American Dream is that anyone who works hard enough can be successful. It is a dream premised on equal opportunity, however millions of racial, ethnic, religious and gender minorities have found their opportunities for success limited even in prison. What accounts for the discriminatory treatment of people who are already imprisoned? Relying on national data and interviews conducted by the author this book argues that American prisons are not a tool for justice but a tool for the persecution of the weak by the powerful. The book details how African American, American Indian and Hispanic inmates receive harsher punishments including solitary confinement and fewer rehabilitative programs such as substance abuse treatment and mental health counseling. It also examines other injustices including how female inmates suffer from a lack of rehabilitative services. Muslim inmates are placed in solitary confinement for practicing their religious beliefs. American Indians are disproportionately punished and undocumented immigrants are forced from prison to prison in the middle of the night.

The Power of the Badge Emily M. Farris, Mirya R. Holman, 2024-09-05 A sobering exploration of the near unchecked power of sheriffs in the United States. Across the United States more than 3 000 sheriffs occupy a unique position in the US political and legal systems. Elected by voters usually in low visibility, noncompetitive elections, sheriffs oversee more than a third of law enforcement employees and control almost all local jails. They have the power to both set and administer policies and they can imprison, harm and even kill members of their communities. Yet they enjoy a degree of autonomy not seen by other political officeholders. *The Power of the Badge* offers an unprecedented, data-rich look into the politics of the office and its effects on local communities. Emily M. Farris and Mirya R. Holman draw on two surveys of sheriffs taken nearly a decade apart as well as election data, case studies and administrative data to show how a volatile combination of authority and autonomy has created an environment where sheriffs rarely change elections, seldom create meaningful accountability, employees' budgets and jails can be used for political gains, marginalized populations can be punished and reforms fail. Farris and Holman also track the increasingly close

linkages between sheriffs and right wing radical groups in an era of high partisanship and intra federal conflict

Psychiatric Criminology John A. Liebert, MD, William J. Birnes, JD, PhD, 2016-10-03 Since the shutdown of our public psychiatry system the seriously mentally ill are now mostly managed by public safety officers school officials emergency first responders and social workers with little experience in recognizing symptoms triggers and issues This book addresses the need to recognize the psychiatric component of criminological issues and the methodology of dealing with it on a practical as well as academic basis It provides a roadmap for training in rapid assessment built on evidence based emergency psychiatry protocols

Long Binh Jail Cecil B. Currey, 1999 Long Binh Jail was a place so feared that American soldiers would rather face the Viet Cong than be sent there Known as LBJ or simply The Stockade it was officially the U S Army Installation Stockade in Long Binh South Vietnam Within its confines were Americans whose offenses ran the gamut from drug possession insubordination and AWOL to assault rape and murder Containing up to a thousand prisoners at a time Long Binh jail was in effect the Army s own little penal colony and one sharply divided by racial tensions In 1968 these tensions erupted when most of its African American prisoners took over the prison compound The riot which had to be put down by armed American troops using tear gas was noted around the world as another sign of the sagging morale of U S forces Noted military historian Cecil Barr Currey tells the story of Long Binh jail through the words of dozens of former guards prisoners and administrators They reveal a disturbing aspect of the Vietnam War that has not been examined until now
