The Routledge Companion to Masculinity in American Literature and Culture Lydia R. Cooper, 2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions The Routledge Companion to Masculinity in American Literature and Culture suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity

**The "Disguised" Political Film in Contemporary Hollywood** Betty Kaklamanidou, 2018-04-19 With strict guidelines on methodology and time frame films produced after September 2001 and a

socio semiotic theoretical framework Betty Kaklamanidou unpacks the problematic terms and ideas that go along with defining a new genre Kaklamanidou considers a different sub genre per chapter placing each group of films in their socio historical context to reach conclusions about the production of political films in millennial Hollywood In shifting the terms of the debate The Disguised Political Film in Contemporary Hollywood offers a fresh new approach to the subject of the political film The political film is not a clearly delineated object but rather an elusive one and resistant to clear boundaries So what is a political film Can The Hunger Games 2012 belong to the same category as Lincoln 2012 Is Jarhead 2005 a political movie simply because it is set during the Gulf War but with no reference to the motives of the conflict and or American and Arab relations and thus in the same group of war films such as The Three Kings 1999 another narrative that focuses on the same military conflict but includes direct commentary to governmental and military strategies Are historical films by definition political since the majority deals with significant events and or people in a specific socio cultural landscape
