

A close-up, profile shot of a man with a beard and short dark hair, looking off to the side. He is wearing a dark tactical vest over a dark shirt. A rifle is slung over his shoulder, with its barrel pointing upwards. The background is a blurred American flag, with the red and white stripes and a portion of the blue field with stars visible. The lighting is natural, suggesting an outdoor setting.

Okay Fine Whatever Courtenay Hameister, 2018-07-31 The hilarious and poignant story of one chronically anxious woman's quest to become braver by seeking out the kinds of experiences she's spent her life avoiding Cheryl Strayed For most of her life and even during her years as the host of a popular radio show Courtenay Hameister lived in a state of near constant dread and anxiety She fretted about everything Her age Her size Her romantic prospects How likely it was that she would get hit by a bus on the way home Until a couple years ago when in her mid forties she decided to fight back against her debilitating anxieties by spending a year doing little things that scared her things that the average person might consider doing for a half second before deciding nope Things like attending a fellatio class She did that She also spent an afternoon in a sensory deprivation tank got legally high in the middle of a workday had a session with a professional cuddler braved twenty eight first dates and perhaps scariest of all actually met someone who might possibly appreciate her for who she is Refreshing relatable and pee your pants funny Okay Fine Whatever is Courtenay's hold nothing back account of her adventures on the front lines of Mere Human Woman vs Fear reminding us that even the tiniest amount of bravery is still bravery and that no matter who you are it's possible to fight complacency and become bold or at least bold-ish a little at a time

Bootstrapped Alissa Quart, 2023-03-14 An unsparing incisive yet ultimately hopeful look at how we can shed the American obsession with self reliance that has made us less healthy less secure and less fulfilled The promise that you can pull yourself up by your bootstraps is central to the story of the American Dream It's the belief that if you work hard and rely on your own resources you will eventually succeed However time and again we have seen how this foundational myth with its emphasis on individual determination brittle self sufficiency and personal accomplishment does not help us Instead as income inequality rises around us we are left with shame and self blame for our condition Acclaimed journalist Alissa Quart argues that at the heart of our suffering is a do it yourself ethos the misplaced belief in our own independence and the conviction that we must rely on ourselves alone Looking at a range of delusions and half solutions from grit to the false Horatio Alger story to the rise of GoFundMe Quart reveals how we have been steered away from robust social programs that would address the root causes of our problems Meanwhile the responsibility for survival has been shifted onto the backs of ordinary people burdening generations with debt instead of providing the social safety net we so desperately need Insightful sharply argued and characterized by Quart's lively writing and deep reporting and for fans of *Evicted* and *Nickel and Dimed* *Bootstrapped* is a powerful examination of what ails us at a societal level and a plan for how we can free ourselves from these self defeating narratives
