Politically Incorrect Guide to Jihad William Kilpatrick,2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country *Monstrous Fantasies* Leila K. Norako,2024-08-15 *Monstrous Fantasies* asks why medieval romances reimagining the crusades ending in a Christian victory circulated in England with such abundance after the 1291 Muslim reconquest of Acre the last of the Latin crusader states in the Holy Land and what these texts reveal about the cultural anxieties of late medieval England Leila K Norako highlights the impact that the Ottoman victory and subsequent massacre of Christian prisoners at the battle of Nicopolis in 1396 had on intensifying the popularity of what she calls recovery romance These two episodes inspired a sense of urgency over the fate of the Holy Land and of Latin Christendom itself resulting in the proliferation of romances in which crusading English kings like Richard I and anachronistic legends like King Arthur not only reconquered Jerusalem but committed genocidal violence against the Muslims These romances which as Norako argues also influenced Geoffrey

Chaucer's *Canterbury Tales* conjure fantasies of an ascendant global Christendom by rehearsing acts of conquest and cultural annihilation that were impossible to realize in the late Middle Ages. Emphasizing the tension in these texts between nostalgia and anticipation that fuels their narrative momentum, *Monstrous Fantasies* also explores how the cultural desires for European and Christian hegemony that recovery romances versified were revived in the wake of the so-called wars on terror in the twenty-first century in such films as *Kingdom of Heaven* and *American Sniper*.

*The Routledge Companion to Literature and Trauma* Colin Davis, Hanna Meretoja, 2020-05-11 Literary trauma studies is a rapidly developing field which examines how literature deals with the personal and cultural aspects of trauma and engages with such historical and current phenomena as the Holocaust and other genocides, 9/11, climate catastrophe or the still unsettled legacy of colonialism. *The Routledge Companion to Literature and Trauma* is a comprehensive guide to the history and theory of trauma studies including key concepts, consideration of critical perspectives and discussion of future developments. It also explores different genres and media such as poetry, life writing, graphic narratives, photography and post-apocalyptic fiction and analyses how literature engages with particular traumatic situations and events such as the Holocaust, the Occupation of France, the Rwandan genocide, Hurricane Katrina and transgenerational nuclear trauma. Forty essays from top thinkers in the field demonstrate the range and vitality of trauma studies as it has been used to further the understanding of literature and other cultural forms across the world.
