**America's Addiction to Terrorism** Henry A. Giroux,2016 In the United States today the term terrorism conjures up images of dangerous outside threats religious extremists and suicide bombers in particular Harder to see but all the more pervasive is the terrorism perpetuated by the United States itself whether through military force overseas or woven into the very fabric of society at home Henry Giroux in this passionate and incisive book turns the conventional wisdom on terrorism upside down demonstrating how fear and lawlessness have become organizing principles of life in the United States and violence an acceptable form of social mediation He addresses the most pressing issues of the moment from officially sanctioned torture to militarized police forces to austerity politics Giroux also examines the ongoing degradation of the education system and how young people in particular suffer its more nefarious outcomes Against this grim picture Giroux posits a politics of hope and a commitment to accurate and radical historical memory He draws on a long distinguished career developing the tenets of critical pedagogy to propose a cure for our addiction to terrorism a kind of public pedagogy that challenges the poisoned narratives of America's dis imagination machine

**The Films of Clint Eastwood** Matt Wanat,Leonard Engel,2018-05-15 The indefatigable Clint Eastwood the great old man of American film is

still controversial after all these years Many of the critical essays in this collection focus on Eastwood's 2014 American Sniper a particularly controversial film and a devastating personal account of the horrors of war Additional essays within the collection address his films that deserve more recognition than they have received to date The chapters vary by topic and identify themes ranging from aging race and gender to uses of Western conventions and myth to the subtleties of quieter themes and stylistic choices in Eastwood's body of cinematic work As a collection these essays show that none of these themes account for Eastwood's entire vision which is multifaceted and often contradictory dramatizing complex issues in powerful character driven narratives Take One, Action! **Dynamics of Violence** Georg Elwert,Stephan Feuchtwang,Dieter Neubert,1999 Violence is embedded in social structure It follows specific dynamics which make it unpredictable for the individual case but calculable as a social phenomenon this is the central message of this reader To lay persons violence may appear as irruption or the inhuman into a human world The broad comparison of social anthropological and sociological case studies from Africa Asia Europe and South America shows however that motives and forms of violence are patterned Each pattern has its own dynamic of escalation and de escalation which makes prediction difficult for the individual case As part of these dynamics appear also restraints to the escalation called inhibitors The study of these does not promise the construction of violence free societies but it might allow for targetting interventions for peace in a more accurate manner An important element of these studies is the systematic analysis of the difference between the constructed outside appearance of violence and the dynamic system which reproduces it Thus cultural strategies of wealth accumulation prestige acquisition and healing come to the foreground Contributors to this volume include Alber Erdmute Allen Tim Elwert Georg Feuchtwang Stephan Grohs Gerhard Helbing J rg Neubert Dieter Schmidt Heike Schwandner Sievers Stephanie Strecker Ivo v Trotha Trutz Waldmann Peter
