Among Wild Horses ,2006-01-01 In the Pryor Mountains ranging along the state line between Montana and Wyoming there lives a band of wild horses descended from the original Spanish horses brought over by the Conquistadors This is the extraordinary photographic journal of the three years Pomeranz spent studying admiring and photographing these magnificent animals

Among Wild Horses Lynne Pomeranz,2012-10-30 See the wild horses run The Pryor Mountain Mustangs have roamed the high desert and mountains of the American West for centuries Descended from steeds brought over by the Spanish conquistadores their untamable nature and enduring courage inspire awe in all who have the chance to see them Photographer Lynne Pomeranz spent two years with these magnificent creatures along the Montana Wyoming state line and her startlingly intimate photographs capture the resilience and free spirit that define these mustangs

Horses Linda L. Richards,2023-10-17 Wild horses are legendary but today their very existence is under threat from a changing environment politics and less protected spaces to roam free These animals live all over the world including the iconic mustangs in North America a symbol of freedom and the American West Today what we thought we knew about the history of wild horses and where they came from is changing What makes a horse wild Where do they live and how did they end up there What is the relationship between wild horses and Indigenous Peoples How are governments and citizens working for or against them In this book readers discover the history biology and ecology of wild horses and the key role young people are playing in protecting wild horse populations to keep them running free for generations to come

In a Land of Awe Chad Hanson,2022-09-13 A stirring invitation to awe and to what it means to be wild Out on the edges of our frantic twenty first century nation bands of wild horses stand nestled together calmly nuzzling each other to maintain the bonds of family Prairie hills unfurl around them and the sky provides their shelter In the same states where factories churn offices bustle and cell phones demand our attention remote places of solace and beauty rest mostly undiscovered in a parallel world that lies closer than we often imagine Through the lens of the wild mustang social scientist and poet Chad Hanson gives us new ways to see and meaningfully engage our world as we enter new considerations about how we understand animals and our landscapes our history and ourselves What is a wild animal How do feelings of reverence reconnect us with nature What can we learn from our wisdom traditions And in the end what would it look like if we managed public land with the common good in mind With wisdom gathered from the histories of the American West geography philosophy theology and sociology we meet awe anew In the tradition of the great literary and nature writers *In a Land of Awe* serves as a plea for what we stand to lose if we don t find the courage to protect the planet s most beautiful and vulnerable others
