Between Men Between Men:

Between Jesus and the Market Linda Kintz, 1997-07-23 *Between Jesus and the Market* looks at the appeal of the Christian right wing movement in contemporary American politics and culture. In her discussions of books and videotapes that are widely distributed by the Christian right but little known by mainstream Americans, Linda Kintz makes explicit the crucial need to understand the psychological makeup of born again Christians as well as the sociopolitical dynamics involved in their cause. She focuses on the role of religious women in right wing Christianity and asks, for example, why so many women are attracted to what is often seen as an antiwoman philosophy. The result is a telling analysis of the complexity and appeal of the emotions that matter to many Americans, highlighting how these emotions now determine public policy in ways that are increasingly dangerous for those outside familiarity's circle. With texts from such organizations as the Christian Coalition, the Heritage Foundation, and Concerned Women for America, and writings by Elizabeth Dole, Newt Gingrich, Pat Robertson, and Rush Limbaugh, Kintz traces the usefulness of this activism for the secular claim that conservative political economy is in fact simply an expression of the deepest and most admirable elements of human nature itself. The discussion of Limbaugh shows how he draws on the skepticism of contemporary culture to create a sense of absolute truth within his own media performance, its truth guaranteed by the market. Kintz also describes how conservative interpretations of the Holy Scriptures, the U.S. Constitution, and the Declaration of Independence have been used to challenge causes such as feminism, women's reproductive rights, and gay and lesbian rights. In addition to critiquing the intellectual and political left for underestimating the power of right wing grassroots organizing, corporate interests, and postmodern media sophistication, *Between Jesus and the Market* discusses the proliferation of militia groups, Christian entrepreneurship, and the explosive growth and selling of the Promise Keepers.

Rewriting White Masculinities in Contemporary Fiction and Film Josep M. Armengol, 2024-03-25 This book focuses on the construction of hegemonic masculinity as well as its representations in literature, culture, and film. Although white heterosexual masculinity continues to be the dominant model, it remains paradoxically largely invisible in gender terms. While the first three chapters thus offer introductory theoretical perspectives on the latest research on white masculinities, the following chapters concentrate on applying masculinity theory to the analysis of both social constructions and cultural, i.e., literary and film, representations of men's emotions, with a special focus on new fatherhood models, friendships between men, as well as gender-based violence.

Alcoholism and Women Marc Galanter, 2006-04-11 Solid, plausible, accurate, and loaded with pertinent and highly referenced information regarding clinical and basic research in alcoholism among women and ethnic groups, an essential text in the libraries of academicians, teachers, clinicians, researchers, and policy makers. The quality and scope of the work are groundbreaking, and it is convenient to have it all in one source.

American Journal of Psychiatry Volume 12 highlights the remarkable evolution of alcoholism research during the last few years, focusing on gender in alcohol actions and consequences.
