Mexicano Political Experience in Occupied Aztlan Armando

Navarro, 2005-07-14 This exciting new volume from Armando Navarro offers the most current and comprehensive political history of the Mexican experience in the United States. He examines in depth topics such as American political culture, electoral politics, demography, and organizational development. Viewing Mexicanos today as an occupied and colonized people, he calls for the formation of a new movement to reinvigorate the struggle for resistance and change among Mexicanos. Navarro envisions a new political and cultural landscape as the dominant Latino population re-Mexicanizes the U.S. into a more multicultural and multiethnic society. This book will be a valuable resource for political and social activists and a teaching tool for political theory, Latino politics, ethnic and minority politics, race relations in the United States, and social movements.

Creating Aztlán Dylan Miner, 2014-10-30

Miner discusses the multiple roles that Aztlán has played at various moments in time, engaging pre-colonial indigenities alongside colonial, modern, and contemporary Chicano responses to colonization.

Popular Culture and the Civic Imagination Henry Jenkins, Gabriel Peters-Lazaro, Sangita

Shresthova, 2020-02-04 Winner 2021 Ray and Pat Browne Edited Collection Award given by the Popular Culture Association. How popular culture is engaged by activists to effect emancipatory political change. One cannot change the world unless one can imagine what a better world might look like. Civic imagination is the capacity to conceptualize alternatives to current cultural, social, political, or economic conditions; it also requires the ability to see oneself as a civic agent capable of making change as a participant in a larger democratic culture. Popular Culture and the Civic Imagination represents a call for greater clarity about what we're fighting for, not just what we're fighting against. Across more than thirty examples from social movements around the world, this casebook proposes civic imagination as a framework that can help us identify support and practice new kinds of communal participation. As the contributors demonstrate, young people in particular are turning to popular culture from Beyoncé to Bollywood, from Smokey Bear to Hamilton, from comic books to VR for the vernacular through which they can express their discontent with current conditions. A young activist uses YouTube to speak back against J.K. Rowling in the voice of Cho Chang in order to challenge the superficial representation of Asian Americans in children's literature. Murals in Los Angeles are employed to construct a mythic imagination of Chicano identity. Twitter users have turned to BlackGirlMagic to highlight the black radical imagination and construct new visions of female empowerment. In each instance, activists demonstrate what happens when the creative energies of fans are infused with deep political commitment, mobilizing new visions of what a better democracy might look like.
