Beyond Neutrality Beyond Neutrality:

Beyond Neutrality Bernard S. Mayer, 2004-04-26 In this thought provoking passionately written book Bernard Mayer an internationally acclaimed leader in the field dares practitioners to ask the hard questions about alternative dispute resolution What s wrong with conflict resolution Why aren t more individuals and organizations using conflict resolution when they have a problem Why doesn t the public know more about it What are the limits of conflict resolution When does conflict resolution work and when does it not Offering a committed practitioner s critique of the profession of mediation arbitration and alternative dispute resolution Beyond Neutrality focuses on the current crisis in the field of conflict resolution and offers a pragmatic response Beyond Neutrality George Sher, 1997-01-13 A major contribution to contemporary political theory examining the state s intervention in people s lives *Beyond Neutrality* John Bluck, 1978

Perfectionism and Contemporary Feminist Values Kimberly A. Yuracko, 2003-02-26 Although formal barriers to women s social and political participation have crumbled society remains to a significant degree gendered in the roles that women and men play Women s and men s choices regarding work and family are largely responsible for maintaining and reinforcing the differences While feminists recognize the need to criticize women s choices too often they focus on restrictive conditions rather than the choices themselves Kimberly A Yuracko argues instead that encouraging women to make choices in accordance with a grounded and well defined conception of perfectionism a philosophy concerned with human flourishing is the most effective way to redress persistent gender inequality To this end Yuracko seeks not only to expose the perfectionism underlying current choice critiques but to articulate a concrete set of feminist perfectionist principles that would improve the quality of individual women s lives and improve the social standing of women as a whole **Beyond Neutrality** George

Sher, 1997-01-13 Many people including many contemporary philosophers believe that the state has no business trying to improve people s characters or elevate their tastes or prevent them from living degraded lives They believe that governments should remain absolutely neutral when it comes to the consideration of competing conceptions of the good One fundamental aim of George Sher s book is to show that this view is indefensible A second complementary aim is to articulate a conception of the good that is worthy of promotion by the state **Beyond Neutrality** John Bluck, 1978 *Beyond Security* John Edwin Mroz, 1980 **The Institutes of the Law of Nations** James Lorimer, 1884 *A Manual of Public International Law* Thomas Alfred Walker, 1895 **The Writings of Thomas Paine** Thomas Paine, 1894 *Documents on Neutrality and War, with Notes* United States Navy Department.
