Andy Rooney My War:

My War Andy Rooney, 2000-10-25 The author recounts his experiences as a young reporter to Stars and Stripes the American forces daily newspaper in Europe including his personal account of the liberation and entry into Buchenwald

American Culture in the 1940s Jacqueline Foertsch, 2008-03-27 This book explores the major cultural forms of 1940s America fiction and non fiction music and radio film and theatre serious and popular visual arts and key texts trends and figures from Native Son to Citizen Kane from Hiroshima to HUAC and from Dr Seuss to Bob Hope After discussing the dominant ideas that inform the 1940s the book culminates with a chapter on the culture of war Rather than splitting the decade at 1945 Jacqueline Foertsch argues persuasively that the 1940s should be taken as a whole seeking out links between wartime and postwar American culture

Dateline-Liberated Paris Ronald Weber, 2019-04-05 Vividly capturing the heady times in the waning months of World War II Ronald Weber follows the exploits of Allied reporters as they flooded into liberated Paris after four dark years of Nazi occupation He traces the remarkable adventures of the men and women who lived worked and played in the legendary H tel Scribe set in a highly fashionable part of the largely undamaged city Press jeeps and trailers packed the street outside while inside the hotel was completely booked with hundreds of correspondents The busiest spot was the dining area where the clatter of typewriters combined with shouts of correspondents needing hot water to brew coffee from military powder But the basement level bar was the hotel s top attraction where famed war correspondents like Ernie Pyle Walter Cronkite A J Liebling Ernest Hemingway Martha Gellhorn Janet Flanner Lee Miller Marguerite Higgins Irwin Shaw Edward Kennedy Charles Collingwood Robert Capa and many others held court while in the company of military censors and top brass Weber uncovers the struggles between correspondents and Allied officials over censorship and the release of information the heated press chaos surrounding the war s end and the drama of the second German surrender orchestrated by the Russians in shattered Berlin The elation of total victory was mixed with the abrupt emptiness of a task finished While work on the Continent remained for journalists it now dealt with the slog of the occupation of Germany rather than the blood and glory of war Yet Weber shows there were many reasons to carry on after VE Day in this delightfully entertaining account of the hotel where correspondents were regularly briefed on the war and its aftermath wrote their stories had them transmitted to international media outlets and rarely neglected the pleasures of a Paris reborn until December 1 1945 when the H tel Scribe was officially vacated by the American military

Infantry, 1995 *Inferno* Joe Pappalardo, 2020-12-01 Joe Pappalardo s *Inferno* tells the true story of the men who flew the deadliest missions of World War II and an unlikely hero who received the Medal of Honor in the midst of the bloodiest military campaign in aviation history There s no higher accolade in the U S military than the Medal of Honor and 472 people received it for their action during World War II But only one was demoted right after Maynard Harrison Smith Smith is one of the most unlikely heroes of the war where he served in B 17s during the early days of the bombing of France and Germany from England From his

juvenile delinquent past in Michigan through the war and during the decades after Smith's life seemed to be a series of very public missteps. The other airmen took to calling the 5 foot 5 inch airman Snuffy after an unappealing movie character. This is also the man who on a tragically mishandled mission over France on May 1 1943 single handedly saved the crewmen in his stricken B 17. With every other gunner injured or bailed out Smith stood alone in the fuselage of a shattered nameless bomber and fought fires treated wounded crew and fought off fighters. His ordeal is part of a forgotten mission that aircrews came to call the May Day Massacre. The skies over Europe in 1943 were a charnel house for U S pilots who were being led by tacticians surprised by the brutal effectiveness of German defenses. By May 1943 the combat losses among bomb crews were a staggering 40 to 50 percent. The backdrop of Smith's story intersects with some of the luminaries of aviation history including Curtis Lemay Ira Eaker and Hap Arnold during critical times of their storied careers. *Inferno* also examines Smith's life in a new comprehensive light through the use of exclusive interviews of those who knew him including fellow MOH recipients and family as well as public and archival records. This is both a thrilling and horrifying story of the air war over Europe during WWII and a fascinating look at one of America's forgotten heroes.
