[Management](#) ,1994 [Anger Management Essentials](#) Sorin Dumitrescu,2020-09-19 How do you manage the anger you may sometimes feel at work Depending on how you express it anger can have a negative or positive impact on your work If negatively expressed it could diminish your productivity and effectiveness which can also impact your coworkers and the organization But you can learn to manage anger in ways that will minimize its negative effects and take advantage of anger s potential to provide beneficial outcomes instead Factors that are typically part of normal work environments have the

potential to cause anger Common causes of anger include dissatisfaction with the system unequal treatment hindered goals dissimilar values and hierarchical relationships These potential causes of anger coexist in the workplace and are constant With everyone in your workplace vulnerable to these highly personal potential sources of anger anger management can be particularly challenging This course will help you understand anger in the workplace by examining how people express anger pinpointing some common causes of anger and discussing how to use anger positively in the workplace After learning about these aspects of anger you ll be better prepared to manage your anger when you feel it and then use that anger to bring about positive outcomes whenever possible People have been considering and debating the right way to handle anger for millennia As long ago as 350 BC the philosopher Aristotle stated Those who are not angry at the things they should be angry at are thought to be fools and so are those who are not angry in the right way at the right time or with the right persons Virtually everyone experiences anger But it s important to realize that anger in itself is not a good or bad thing It s simply a set of physical responses emotions and behaviors triggered by a perceived threat or frustration How people cope with their own anger and anger in others makes the difference between anger as a destructive emotion and a constructive emotion In this course you ll discover that anger can be expressed appropriately and dealt with productively You ll learn about managing and controlling your own anger You ll also learn how to appropriately and effectively deal with other people s anger including how to evaluate the issue and provide constructive feedback Calming The Storm Within Sharon Redfield,2023-02-13

In many ways becoming irritated is a normal part of being a human but you can control the stress of raising a child without letting it make you feel angry inside All you need to do is learn more about your own emotions and anger When you can recognize your triggers and discover the greatest strategies to cope with enduring your emotional storms this outpouring of anger against your child will become far less frequent and eventually disappear entirely What if a solution is available Simply by reading this book you can come up with a workable answer In this book you will learn Definition of anger and some of its forms The step by step guide to recognizing your triggers The negative impacts of anger and how it affects children s lives The best method to handle the various emotions that parents experience The best strategies to control your anger How to speak with your child in an efficient manner And more You are responsible for bringing up your child to reach their full potential In the end only you have the power to affect that change Regain control over your anger so you can support the success of your kids To find out more Get a copy of this book right away Anger Management Jack Warren,2021-05-03 Whether you would say that you are or know someone who has an issue with anger or you re simply inquisitive you may be pondering what is anger management The expression is tossed around rather coolly however it is really a genuine treatment that can help individuals control their serious feelings especially anger and fierceness Most mental specialists would characterize anger management as the procedure of perceiving and controlling your anger It is not something that is done just once When you have an issue with anger you will be obliged to deal with that issue for whatever is left of your life In the event

that it is left untreated it can wind up bringing about a not insignificant rundown of social physical mental and enthusiastic issues The primary piece of anger management is recognizing the issue you or your adored one may have with anger The vast majority gets irate occasionally anger is an ordinary and solid feeling **Anger Management for Men** Jennifer
