Animal Rights David DeGrazia, 2002-02-21 Do animals have moral rights If so what does this mean What sorts of mental lives do animals have and how should we understand welfare By presenting models for understanding animals moral status and rights and examining their mental lives and welfare David DeGrazia explores the implications for how we should treat animals in connection with our diet zoos and research Animal Rights distinguishes itself by combining intellectual rigour with accessibility offering a distinct moral voice with a non polemical tone ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable The Longest Struggle Norm Phelps, 2007 Tells the story of animal exploitation Follows the development of animal protection from the ancient world through the Enlightenment the anti vivisection battles of the Victorian Era and the birth of the modern animal rights movement with the publication of Peter Singer's Animal Liberation

Modern Japan: A Very Short Introduction Christopher Goto-Jones, 2009-04-23 Japan remains something of an enigma to many a confusing montage of the alien and the familiar This Very Short Introduction explodes the myths and explores the reality of modern Japan offering a concise engaging and accessible look at the history economy politics and culture of this fascinating nation It examines what the term modern means to the Japanese debunks the notion that Japan went through a period of total isolation from the world and explores the continuity between pre and post war Japan Preface ;Privacy in peril ;An enduring value ;A legal right ;Privacy and freedom of expression ;Data protection ;The death of privacy? ;References ;Further reading ;Index Raymond Wacks, 2015 What is privacy Why do we need it value it so much This introduction examines why privacy has become one of the most important topics in contemporary society Considering issues of privacy in relation to security the protection of personal data the paparazzi its implications are wide ranging affect us all

Forthcoming Books Rose Arny, 2003 **Dante:divine Comedy V1 Inferno P** Dante Alighieri, 1996 This new translation presents the Italian text of the Inferno and on facing pages Robert Durling's new prose translation which brings a new power and accuracy to the rendering of Dantes extraordinary vision of Hell with all its terror pathos and sardonic humor and its penetrating analyses of the psychology of sin and the ills that plague society Readers will prize the directness and clarity the rich expressiveness and the rigorous accuracy of this contemporary prose translation which preserves to an unparalleled degree the order and emphases of Dante's syntax unhampered by any constraints of meter or rhyme The Italian text has been newly edited with a view to the needs of American and English readers Martinez and Durling's Introduction and Notes are designed with the first time reader of the poem in mind but will be useful to others as well The concise Introduction presents essential biographical and historical background and a discussion of the form of the poem The Notes are more extensive than those in most translations currently available and they contain much new

material In addition sixteen short essays explore the autobiographical dimension of the poem the problematic body analogy the question of Christ's presence in Hell and individual cantos that have been the subject of controversy including those on homosexuality There is an extensive bibliography and the indexes to foreign words passages cited proper names in the Notes and proper names in the text will make the volume particularly useful Robert Turner's illustrations include detailed maps of Italy clearly labeled diagrams of the cosmos and of the structure of Hell and line drawings of objects and places mentioned in the poem

Ancient Greece Paul Cartledge, 2009-10-22 The contribution of the Ancient Greeks to modern western culture is incalculable In the worlds of art architecture myth literature and philosophy the world we live in would be unrecognizably different without the formative influence of Ancient Greek models Ancient Greek civilization was defined by the city in Greek the polis from which we derive politics It is above all this feature of Greek civilization that has formed its most enduring legacy spawning such key terms as aristocracy oligarchy tyranny and last but by no means least democracy This highly stimulating introduction to Ancient Greece takes the polis as its starting point Paul Cartledge uses the history of eleven major Greek cities to illuminate the most important and informative themes in Ancient Greek history from the first documented use of the Greek language around 1400 BCE through the glories of the Classical and Hellenistic periods to the foundation of the Byzantine empire in around CE 330 Covering everything from politics trade and travel to slavery gender religion and philosophy it provides the ideal concise introduction to the history and culture of this remarkable civilization that helped give birth to the world as we know it

Topology Richard Earl, 2020-01-11 How is a subway map different from other maps What makes a knot knotted What makes the Möbius strip one sided These are questions of topology the mathematical study of properties preserved by twisting or stretching objects In the 20th century topology became as broad and fundamental as algebra and geometry with important implications for science especially physics In this Very Short Introduction Richard Earl gives a sense of the more visual elements of topology looking at surfaces as well as covering the formal definition of continuity Considering some of the eye opening examples that led mathematicians to recognize a need for studying topology he pays homage to the historical people problems and surprises that have propelled the growth of this field

Shakespeare's works ;Further reading ;Index Stanley Wells,2015 In this new offering from Stanley Wells comes an exploration of one of the world s greatest dramatists William Shakespeare Written with enthusiasm and flair Wells looks at both the world Shakespeare lived in and all of his major works to show how and why he continues to be so influential and important to society today Venezuela Miguel Tinker-Salas,2015 A concise book on Venezuela told through the lens of oil on the country s politics economy culture and international relations **Eye** ,2004 *The British National Bibliography* Arthur James Wells,2004 Proceedings and Addresses of the American Philosophical Association American Philosophical Association,2001 List of members in v 1 *Choice* ,2005 **The American Presidency** Charles O. Jones,2007-10-11 The expansion of executive powers amid the war on terrorism has brought the presidency to the center of heated public debate Now in *The American Presidency* presidential authority Charles O Jones provides invaluable background to the current controversy in a compact reliable guide to the office of the chief executive This marvelously concise survey is packed with information about the presidency some of it quite surprising We learn for example that the Founders adopted the word president over governor and other alternatives because it suggested a light hand as in one who presides rather than rules Indeed the Constitutional Convention first agreed to a weak chief executive elected by congress for one seven year term later calling for independent election and separation of powers Jones sheds much light on how assertive leaders such as Andrew Jackson Theodore Roosevelt and FDR enhanced the power of the presidency and illuminating how such factors as philosophy Reagan s anti Communist conservatism the legacy of previous presidencies Jimmy Carter following Watergate relations with Congress and the impact of outside events have all influenced presidential authority He also explores the rise of federal power and the dramatic expansion of federal agencies showing how the president takes a direct hand in this vast bureaucracy and he examines the political process of selecting presidents from the days of deadlocked conventions to the rise of the primary after World War II In 200 years he writes the presidency had changed from that of a person Washington followed by Adams then Jefferson to a presidential enterprise with a cast of thousands Jones explains how this remarkable expansion has occurred and where it may lead in the future ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *American Book Publishing Record* ,2003 **Subject Guide to Books in Print** ,2001 The Philosophers' Magazine ,2003 *Joyce in the Belly of the Big Truck; Workbook* Joyce A.
