Leslie McBride,2021-05-12 I can t really remember a time when there wasn t a dog in my life in some way Before I had my own dogs or puppies I had plenty of friends and family members who did Commercial dog food has fillers junk byproducts and unsafe food I was a young adult when I started noticing the many recalls on dog food I felt as though too many dogs and animals in general were suffering and dying because of the food we as owners fed them on a regular basis Honestly I ve been an animal lover since I can remember I was one of those kids in the 80s and 90s asking for the Wildlife Treasure Box Animals are animals and we have to understand them and their ways to care for them properly At least in my opinion anyway Feed your dog the best way you know how with the food you eat Long story short all the recalls and issues led me to want to feed all of my animals the diet they deserve One that keeps them healthy because after all it was the humans that domesticated them and so we should also be the ones who care for them in the closest way There should be an air of freedom and food that resonates with their cravings and nutritional needs Homemade dog food is healthier Making homemade dog food can take some of your time and it does cost money but in the end I feel as though it s completely worth it Knowing what your dog is truly eating on a regular basis can help you if anything were to ever happen When a dog gets sick and is only eating kibble or store bought food there s no real way to know what is truly in it that might be causing a problem Save money with homemade dog food My book will teach you all about how to cook or create food that your dog will thrive on at home I will show you everything I know about feeding a puppy or dog with food that you would eat You will learn about these topics in this list but feel free to check out the preview s
