The Cluetrain Manifesto (10th Anniversary Edition) Rick Levine, Christopher Locke, Doc Searls, David Weinberger, 2009-06-30 The Cluetrain Manifesto began as a Web site cluetrain.com in 1999 when the authors who have worked variously at IBM Sun Microsystems the Linux Journal and NPR posted 95 theses about the new reality of the networked marketplace Ten years after its original publication their message remains more relevant than ever For example thesis no 2 Markets consist of human beings not demographic sectors thesis no 20 Companies need to realize their markets are often laughing At them The book enlarges on these themes through dozens of stories and observations about business in America and how the Internet will continue to change it all With a new introduction and chapters by the authors and commentary by Jake McKee JP Rangaswami and Dan Gillmor this book is essential reading for anybody interested in the Internet and e commerce and is especially vital for businesses navigating the topography of the wired marketplace
