Get your work out there no agent or publisher needed. Self Publishing For Dummies is the perfect choice for anyone with an interest in DIY publishing.

Book Wars John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time. From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks. Book Wars provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries. Like other sectors publishing has been thrown into disarray by the digital revolution. The foundation on which this industry had been based for 500 years, the packaging and sale of words and images in the form of printed books, was called into question by a technological revolution that enabled symbolic content to be stored, manipulated and transmitted quickly and cheaply. Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs. The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways. The book wars had begun. While ebooks were at the heart of many of these conflicts, Thompson argues that the most fundamental consequences lie elsewhere. The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms. Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age. This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future.

Format Your First eBook: Without Special Tools, Skills or Software. Laura Kortum, You've finished your first book and you're ready to start your self publishing career but Now what

How do you turn that manuscript into an actual eBook? Fear not, this guide has the answer. Over the past ten years, Laura Kortum has formatted and published hundreds of books both for herself and others. But you don't need to outsource the process to get a good result. In fact, you can get it done yourself absolutely for free with software you probably already have on your computer. In this guide, you'll learn how to use Microsoft Word to create a clean looking professional eBook. Prepare essential pages and extra material to include in your eBook. Insert images and other special formatting. Create a handy Table of Contents. Upload your book ready for publication. All you need to begin is a computer with any version of Microsoft Word installed on it, your finished manuscript and any other materials you wish to include, a caffeinated beverage of your choice and an hour of your time. Let's begin.

2016 Indie Author State of the Union Michael La Ronn, 2015-12-16

The publishing industry changes so fast, it's hard to keep up. On any given day, there are at least dozens of news articles for authors. You could spend hours reading them all. Odds are, you could also be using that time to write your next book. News You Can Use All in One Place. The Indie Author State of the Union is a roundup that covers the most important publishing industry news, books, podcasts, and courses of the year that you might have missed. It will help you make better business decisions and sell more books. Author business coach Michael La Ronn spends hours researching the news so you don't have to. Every chapter is quick and actionable so you can apply it immediately to your writing business. What's in This Year's State of the Union? In this year's edition, you'll discover what's happening with Amazon, Nook, Kobo, Apple, and more. A new YouTube channel for authors that will blow your mind. Why libraries are the next battleground for indies and how you can join the front lines. How to write 2 million words a year. 22 Marketing tools that will improve your book sales. Important business updates to help you avoid lost sales, fines, and lawsuits. And much more. Are you ready to become a smarter authorpreneur? Buy the 2016 Indie Author State of the Union today and build your author platform.

How to Publish a Book on Amazon Sam Kerns, 2016-11-09

Are you tired of how to publish books that are full of fluff and no real information? I was, too. Before I began my publishing career with Kindle books, I read just about everything out there looking for real answers to questions I had about the industry. But much to my disappointment, most of the books were filled with fluff or stories of people who hit it big without really telling me how or why. I determined to jump in and learn for myself and that's exactly what I did. I started with my first book, *How to Work from Home and Make Money*, and then quickly published three more. I was looking for the topic of my fifth book when it hit me: why not share what I've learned with the people who still haven't made the leap and published their own book? It all began when I received an email from a book promotion site. One of the features was a how-to book about publishing Kindle books, so out of curiosity, I followed the link and read the reviews. And sure enough, the page was full of people complaining that the book didn't contain any valuable information. So here's what I decided to do: Write a book that answers all of the real questions without painting an unrealistic view of the possibilities. In my book, I answer things like: How to pick book topics that will sell. Why it's important and what I've done right and wrong. How to write a book in 30 days or

less And take weekends off How to conduct research for your book How to make your own covers for free The pros and cons of pre releasing your book When you should enroll your book in Kindle Unlimited And when you shouldn t How to format your book yourself Including the clickable table of contents And how to get it done for cheap if you don t want to do it Why you need a paperback version And how to create one Why you may need an audio book And how to get one for free How to get your book translated into other languages for free And why you should Why ranking matters And what to do if your book isn t ranking well How to market your book Including links and contact information for the people I use What to do after you publish your first book How much you can REALLY expect to make with Kindle publishing I talk about the mistakes I ve made so you don t make them too And I provide you with step by step instructions and relevant links for all of the above areas and more In other words this book is the ONLY book you ll need to start a career publishing Kindle books If you ve been dreaming of publishing a book but don t know where to start or if you ve already published but can t find success this may be the book you ve been waiting for Why not take the first step toward your publishing career and download it right now I promise you won t find any fluff or useless information in it Just an actionable guide that answers the questions no one else will

Kindle Unlimited Rich Burtner,2018-08-25 KINDLE UNLIMITED Are you an avid and voracious reader but think that your subscription to Kindle Unlimited is not worth the bucks you are spending every month Do you want to know how to cancel your Subscription to Amazon Kindle Unlimited Then get this book as it can help you to know how to end your subscription to Kindle Unlimited and still retain your notes bookmarks and highlights Moreover you will also know the benefits of maintaining your subscription and even the disadvantages of terminating the service This will enable you to have a good decision before cutting the link to over a million e book contents and thousands of audiobooks on different niches and genres Now if you are keen about canceling your membership plan on Kindle Unlimited Then Kindle Unlimited by Rich Burtner is the recommended book for you Kindle Unlimited gives you access to over 1 4 million titles of various e books and trending articles on exclusive magazines Additionally you can listen to thousands of audiobooks through your Amazon Kindle Unlimited account on any device that can access the web using a browser Now as a Subscriber for the Kindle Unlimited e book titles if you are not reading an average of three to four books valued at 5 99 or less then you are not maximizing the benefits of the service It is better to purchase the books based on your preferred titles and read than making non profitable subscriptions Therefore many persons may decide to discontinue their Membership on the platform since they may not read enough contents as provided for them and will consider it a waste of resources However if you decide to cancel your subscription before the expiry date your money will not be refunded but you will continue accessing the contents and audiobooks until the end of the due period One of the disadvantages you will encounter include loss of all your downloaded and saved contents on the library Even if you are smart and decide to transfer the contents to other devices anytime such tools are connected with the internet Amazon will extract the resources from your devices immediately Other things you will
