## **Federal Income Tax Anthology:**

**Federal Income Tax Anthology** Paul L. Caron, 1997 The Federal Income Tax Anthology is designed to be used either as a source of supplemental readings in the basic federal income tax course or as a primary text in a tax policy seminar This anthology enriches the income tax course by affording students the opportunity to explore in greater depth many of the subjects traditionally covered in that course as well as to consider issues that often receive only cursory attention in the standard casebooks The issues raised in Part I the tax legislative administrative and litigation processes Part VII race class and gender and Part VIII alternatives to the current system are particularly suited for advanced study in tax policy seminars

**Federal Wealth Transfer Tax Anthology** Paul L. Caron, Grayson M. P. McCouch, 1998 This anthology is designed to be used both as a source of supplemental readings in the estate and gift tax course and as a primary text in tax policy seminars In selecting the materials included in this book the editors sought to emphasize the classic writing in the field while at the same time include a sampling of recent tax scholarship     **Unincorporated Business Entities** Larry E. Ribstein, 2000     *Civil Procedure* Richard D. Freer, 2001     **International Taxation** Philip F. Postlewaite, 1999     **Individual Rights and the American Constitution** Douglas W. Kmiec, Stephen B. Presser, 1998     *The Question Presented* Maria L. Ciampi, William H. Manz, 2000     *Basic Themes in Law and Jurisprudence* Charles W. Collier, 2000     **The Common Law Process of Torts** Donald Marshall, David S. Weissbrodt, 2003     **Judicial Externships** Rebecca A. Cochran, 1999     *The Lawyer's Craft* Cathy Glaser, 2002 For as long as legal writing courses have existed students have been given large quantities of information all at once They are then expected to digest it in one large gulp and to do it The Lawyer's Craft takes a different approach The authors of this innovative book take the specific skills required to write a memo or brief and divided them into discrete building blocks that can be more easily absorbed by students The approach to drafting legal documents is highly structured to enable students to see how different parts fit together Memos and briefs are divided into parts and organized into a required format The format also provides students with a checklist to consult when constructing legal documents The Lawyer's Craft recognizes that skills must be practiced to be learned No matter how carefully students read the text and discuss it in class they will not be able to learn the material until they actually put it to work For this reason The Lawyer's Craft includes numerous examples and exercises The level of difficulty of the examples and exercises is gradually increased allowing students to master the basics before moving on to nuances and exceptions A Teacher's Manual is available to professors
