Corveleyn, 2024-08-13 *Let Nature Be Your Teacher* Integrating Nature Based Learning in the Elementary Classroom advocates for a transformative shift in elementary education through incorporating nature based learning into the curriculum. In an era dominated by indoor education and heightened screen time, Louise Ammentorp and Helen M. Corveleyn respond to the urgent need to reconnect children with nature. This book aims to gray the boundary between indoor and outdoor learning, bringing students outdoors as well as bringing nature inside. Supported by a growing body of research in a flourishing movement for nature based learning, this book highlights ways to incorporate authentic experiences across content areas. Each chapter offers vetted lesson and activity ideas that can be adapted to any classroom. *Let Nature Be Your Teacher* aims to inspire educators, parents, and administrators and equip them with the tools and knowledge to prioritize nature based learning, fostering a generation that values and protects our natural world.

You'll find a wealth of instructional tools to support and engage students with links to the Next Generation Science Standards NGSS Presentation and assessment strategies that accommodate students' diverse needs while encouraging them to use communicative language speaking, listening, reading, and writing. Ready to use templates and illustrations to enrich the textual discussion. Field tested teaching strategies framed in the 5Es used in monolingual and bilingual classrooms. Reflection exercises that enhance teacher instructional decision making. Use this timely resource to build students' science and language skills simultaneously while helping them find the joy in learning. Thelma A. Davis, Principal, Clark County School District, Las Vegas, NV. The book's major strengths are taking multiple teaching strategies that are proven to be beneficial for English learners and putting them together in an easy to understand format, allowing the teacher a view of what a lesson should look like as well as numerous ready made lessons to follow.
