

Lord of the Flies Chapter 1 Summary

- As the novel opens, "the fair boy" makes his way out of a jungle and toward a lagoon.
- A red and yellow bird flashes upward with a witch-like cry (errie, isn't it?) just as another youngster, "the fat boy" who is wearing "thick spectacles" follows behind.
- The two boys meet and discuss the fact that, holy smokes, their plane has crashed.
- The fat boy wonders where the man with the megaphone is, which we should all keep in mind for the next few paragraphs.
- Also, there are no grown-ups.
- Also, they can't find the plane or the pilot. The fair boy concludes that both must have been dragged out to sea by a storm. He makes the dire statement that "There must have been some kids still in it," "it" being the plane that went out to sea.
- The fat boy (we're not being judgmental — that's what he's called) asks the fair boy (again, that's what he's called) what his name is.
- It is Ralph. He has no interest in learning the fat boy's name.
- But, the pair assumes others have survived and are around here somewhere, perhaps hiding in the copious foliage or something.
- The fat boy lags behind Ralph because of his "ast-mor," which is probably "asthma." Also, the fat boy has to poo. (English major-y people called this kind of thing, "realism.")
- Ralph races ahead to the water, and we get a detailed description of the shore, the palm trees, the coarse grass, and the decaying coconuts. This is all in contrast to "the darkness of the forest."
- Ralph decides the thing to do is swim. So he gets naked. Many more naked boys to come, by the way, so be prepared.
- While we're busy getting a description of Ralph, the fat boy shows up and joins in the nude swimming fun. The water is "warmer than [their] blood [...] like swimming in a huge bath."
- We get a nice description of Ralph; he is twelve and has the build of maybe being a boxer someday when he's older, but you can also plainly see that there is "no devil" in him. Lastly, he has "bright, excited eyes."
- The fat boy admits to Ralph that most people call him "Piggy," and asks Ralph not to tell anyone.
- Ralph is not the nicest guy to Piggy ("They call you PIGGY!!" sort of thing), but we're holding out judgment on him since he is, after all, a twelve year old boy.
- Ralph claims that his dad, who is in the navy, is going to come rescue them.
- Piggy, however, says the pilot told them (before the crash) that an atomic bomb had gone off and everyone was dead.
- This, combined with the earlier megaphone comment, suggests that perhaps the boys were being evacuated, maybe even from some kind of war zone, when the plane crashed.
- Anyway, Piggy asserts that they are probably going to have to "stay here till [they] die."
- On this cheerful note, they decide to put their clothes back on. In doing so, they find a large white conch shell, which Piggy remembers is a faux, MacGyver-style megaphone.
- Ralph makes several efforts before an amazing sound comes out of the shell, "a deep, harsh boom."
- As you might expect, man has ruined the peaceful stillness of the virgin island.
- Amidst the squawking birds and scurrying furry things, the other boys come out of the woodwork. Some are small. Many are naked.
- While Ralph continues to revel in the "violent pleasure" of blowing the conch, Piggy goes to great lengths to ask and learn everyone's name, among them a young child named Johnny and a pair of twins named Sam and Eric.
- Ralph sees a dark, fumbling creature, but concludes that it is only a group of boys wearing black choir robes. There is a red-headed boy at the head of the pack "controlling them."
- The boy commands them all to stand in a line. We're thinking it must be rather uncomfortable in the sun to be wearing heavy, black cloaks, and our suspicions are confirmed when one of the boys faints, face-first, in the sand.

Moment of Truth Marc Nuttle, 2012-09-20 With the Christian vote more widely polarized than ever, Marc Nuttle offers a must-read book for conservative America. In "Moment of Truth," Nuttle exposes the escalating trends in our government toward regulation and overspending while taking a critical look at the increasing power of Trade Unions and the corroding effects of the United Nations. He speaks especially to the 28 million small business owners in the country, 80 percent of whom are Republican and 65 percent of whom are evangelical, arguing that these policies will be devastating to them while putting America's economic future in jeopardy. Ultimately, Nuttle demonstrates the conclusive dangers of big government when controlled by those who would lead this nation toward an irretrievable tipping point.

Hall, Shirley M. Hord, 2001 This book focuses on the process of educational change and leadership using the Concerns Based Adoption Model (CBAM) as a conceptual framework. The change process in schools is made complex by the wide range of educational innovations. These require effective leadership that recognizes the role people play. If the focus of change is solely on technology and if the personal side is not addressed, the result is resistance and implementation failure. This book addresses those concerns using the CBAM Model in a useful and immediately applicable format. Each chapter in the book is organized to move from concept to application, covering research, a clear description of the change concept, case studies, examples, discussion questions, and activities.
