

**PUBLISHED**

This marks scheme is published in advance of teachers and candidates, to indicate the requirements of the examination. It shows the basis on which marks were introduced to an answer, if one does not include the details of the discussion that took place at the marking meeting before marking began, which would normally consider the acceptability of alternative answers. Mark schemes should be read in conjunction with the Question Paper and the End of Series Report. Candidates will not enter into discussions about their marks or names.
