Access Denied Palestinian Access To Land In Israel:

Access Denied Ḥusayn Abū Ḥusayn, Fiona McKay, 2003-09 This book examines how Israeli land policy today inhibits access to land for its own Arab citizens even within the 1948 boundaries of the state of Israel Its authors explore the system of land ownership the acquisition and administration of public land and the control of land use through planning and housing regulations They argue that the law is used to discriminate against non Jewish citizens and restrict Israeli Palestinians access to land and that Israeli land policies breach international human rights standards which could be used as a basis to challenge discriminatory policies

Access Denied Ofir Feuerstein, 2008 For years Israeli authorities have both barred Palestinian access to rings of land surrounding settlements and have not acted to eliminate settlers piratical closing of lands adjacent to settlements and blocking Palestinian access to them Denying access is one of the many ways used to expand settlements In recent years Israel has institutionalized the closing of such lands in an attempt to retroactively sanction the unauthorized placement of barriers far from the houses at the edge of the settlements Denying Palestinian access to lands adjacent to settlements is the direct result and an integral part of the illegal settlement enterprise This enterprise continuously violates the absolute prohibition specified in international humanitarian law on settlements in occupied territory This prohibition obliges Israel to evacuate the settlers and return them to sovereign Israeli soil Publisher

Access Denied Ḥusayn Abū Ḥusayn, Fiona McKay, 2003-09 The struggle for land has been a key element of the conflict between Jews and Arabs in Palestine for the past hundred years While international attention focuses on Israeli settlements in the West Bank and Gaza Strip legally outside Israel s boundaries there is another dimension to the land question altogether Nearly one fifth of Israel s population is Palestinian This work examines how Israeli land policy today inhibits access to land for its own Arab citizens even within the 1948 boundaries of the state of Israel The authors one a Palestinian lawyer and Israeli citizen the other a British international human rights lawyer who worked in Israel for many years examine the system of land ownership the acquisition and administration of public land and the control of land use through planning and housing regulations The book shows how the law is used to discriminate against non Jewish citizens and restrict Israeli Palestinians access to land It demonstrates that Israeli land policies breach international human rights standards and that these standards could be used as a basis to challenge discriminatory policies

International Law and the Israeli-Palestinian Conflict Susan M.

Akram, Michael Dumper, Michael Lynk, Iain Scobbie, 2010-12-23 Placing a rights based approach to the Israeli Palestinian conflict at the centre of discussions over its peaceful resolution this book provides detailed consideration of international law and its application to political issues Contributions from leading scholars in their respective fields give an in depth analysis of key issues ranging from security through legal and political frameworks to refugees and Jerusalem

Palestinians in Israel Ben White, 2011-12-05 Palestinians in Israel considers a key issue ignored by the official peace process and most mainstream commentators that of the growing Palestinian minority within Israel itself What the Israeli right wing calls the

demographic problem Ben White identifies as the democratic problem which goes to the heart of the conflict Israel defines itself not as a state of its citizens but as a Jewish state despite the substantial and increasing Palestinian population White demonstrates how the consistent emphasis on privileging one ethno religious group over another cannot be seen as compatible with democratic values and that unless addressed will undermine any attempts to find a lasting peace Individual case studies are used to complement this deeply informed study into the great unspoken contradiction of Israeli democracy It is a pioneering contribution which will spark debate amongst all those concerned with a resolution to the Israel Palestine conflict

Mapping Exile and Return Alain Epp Weaver, 2014 One of the most persistent if vexing issues facing not just theology but also political theory sociology and other disciplines is the ongoing Palestinian Israeli conflict For theology the problem is especially nettlesome on account of the church's shared history and tradition with Israel Palestinians including Palestinian Christians bear the brunt of suffering and dispossession in the current situation yet are burdened even more by Christian political appropriation of Zionism Through an analysis of Palestinian refugee mapping practices for returning to their homeland Alain Epp Weaver takes up the troubled issue of Palestinian dispossession and argues against the political theology embedded in Zionist cartographic practices that refuse and seek to eliminate evidence of co existence Instead Alain Epp Weaver offers a political theology of redrawing the territory compatible with a bi national vision for a shared Palestinian Israeli future

Encyclopedia of the Palestinians Philip Mattar, 2005 Presents the history of modern Palestine and biographies of important Palestinians

Catastrophe Remembered Nur Masalha, 2008-02-29 The 1948 Palestine War is known to Israelis as the War of Independence But for Palestinians the war is forever the Nakba the catastrophe The war led to the creation of the State of Israel and the destruction of much of Palestinian society by the Zionist forces For all Palestinians the Nakba has become central to history memory and identity This book focuses on Palestinian internal refugees in Israel and internally displaced Palestinians across the Green Line It uses oral history and interviews to examine Palestinian identity and memory indigenous rights international protection the right of return and a just solution in Palestine Israel Contributors include several distinguished authors and scholars such as William Dalrymple Prof Naseer Aruri Dr Ilan Pappé Prof Isma'il Abu Sa'ad and Dr Nur Masalha

Security, Rights and Law Rouba Al-Salem, 2018-12-21 Winner of the 2019 Francis Lieber Prize Recognizing an Exceptional Published Book in the Field of the Law of Armed Conflict This book examines how the Israeli High Court of Justice HCJ has interpreted and applied international law principles in adjudicating petitions filed by Palestinians The research focuses on HCJ judgments that have been rendered since the outbreak of the Second Intifada 2000 in relation to petitions challenging the legality of measures implemented by various Israeli governments and military authorities for the professed need of enhancing the security of Israeli settlements and settlers in the occupied West Bank It discusses to what extent the HCJ provides a venue for an effective domestic remedy for alleged violations of the Palestinians internationally

protected rights It further analyses the judgments of the Court seeking to demonstrate why it appears to show a preference for invoking principles of Israeli administrative and constitutional law thereby promoting the domestic rather than international Rule of Law Although the jurisprudence of the HCJ has often been hailed as that of an activist court the analysis of petitions adjudicated by the Court between 2000 and 2014 illustrates why its approach is ill suited to a situation of prolonged military occupation Finally the book evaluates what impact the Court s adjudication reasoning and interpretation has on the normative coherence of the international law of belligerent occupation Challenging Christian Zionism Naim Stifan Ateek, Cedar Duaybis, Maurine Tobin, 2005 *Al Majdal* ,2002 **Boston University International Law Journal** ,2004 *An Israeli in Palestine* Jeff Halper, 2008-02-20 Jeff Halper s book like his life s work is an inspiration Drawing on his many years of directly challenging Israel s treatment of the Palestinians he offers one of the most insightful analyses of the occupation I ve read His voice cries out to be heard Jonathan Cook author of *Blood and Religion* 2006 and *Israel and the Clash of Civilisations* 2008 In this book the Israeli anthropologist and activist Jeff Halper throws a harsh light on the Israeli Palestinian conflict from the point of view of a critical insider While the Zionist founders of Israel created a vibrant society culture and economy they did so at a high price Israel could not maintain its exclusive Jewish character without imposing on the country s Palestinian population policies of ethnic cleansing occupation and discrimination expressed most graphically in its ongoing demolition of thousands of Palestinian homes both inside Israel and in the Occupied Territories *An Israeli in Palestine* records Halper s journey beyond the membrane that shields his people from the harsh realities of Palestinian life to his discovery that he was actually living in another country Palestine Without dismissing the legitimacy of his own country he realises that Israel is defined by its oppressive relationship to the Palestinians Pleading for a view of Israel as a real living country which must by necessity evolve and change Halper asks whether the idea of an ethnically pure Jewish State is still viable More to the point he offers ways in which Israel can redeem itself through a cultural Zionism upon which regional peace and reconciliation are attainable **Disappearing Palestine** Jonathan Cook, 2008-09 Human rights The Apartheid Wall in Palestine ,2009 The Middle East & South Asia Folklore Bulletin ,2004 **Journal of Palestine Studies** ,2006 Current Publications in Legal and Related Fields ,2004 **Nomadic Peoples** ,2015
